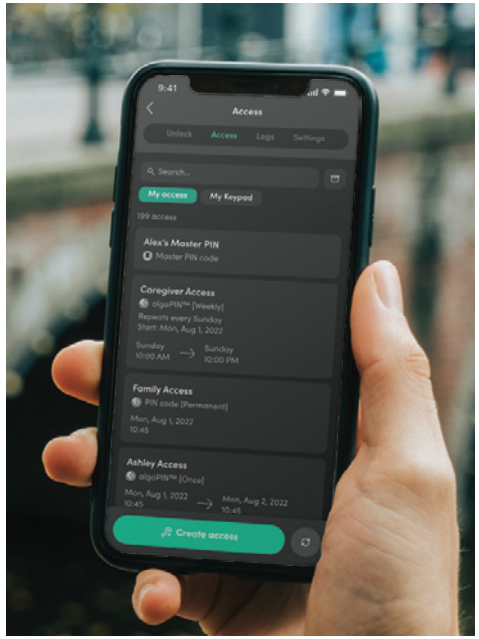
Lockbox

Tough Protection, Trusted Access.

Keep your keys and valuables safe no matter the conditions with the Lockbox. Designed for easy sharing, it lets you grant access for the right person at the right time, even offline, so guests, visitors, and service providers can come and go hassle-free. Its rugged build protects against impacts and break-ins, while smart alerts and remote control keep you in the know. With extra storage space and Apple Watch unlocking, Lockbox offers peace of mind and effortless convenience all in one.

Mobile App | PIN Codes | Wall Mounted | Waterproof | IK-07 Rating

UNIQUE FEATURES



Large Storage Space

Ample interior storage to protect more than just keys such as cards, ID badges, fobs, remotes, asset tags, small tools & more.

Backlit Physical Keypad

Large, easy to press, tactile buttons built for reliable PIN code entry and readability in direct sunlight or pitch black conditions.

Rugged Outdoor Security

Built to protect with IP66 waterproofing, IK-07 level impact protection, a secure locking mechanism & tamper alarms.

Access from Anywhere

algoPIN technology helps you generate a PIN code from anywhere and share it with anyone for instant access.

Apple Watch Convenience

Use your Apple Watch to unlock via voice, a finger tap or gestures.

Flexible Mounting

Can be mounted securely on a range of materials with anchors and fasteners for wood, brick, drywall, concrete or masonry.

A World Without Keys

PRODUCT FEATURES

Auto Lock
Automatically relocks after a selectable delay to give you greater peace of mind.

Auto Unlock
Your door automatically unlocks when you return home. Never fumble with keys again.

Emergency Jumpstart
Easily jumpstart the lock with a phone or powerbank via Type-C cable if batteries are drained.

Low Battery Alert
Intuitive audio and visual alerts will prompt you to change the batteries when it runs low.

Decoy PIN Code
Heighten security and throw off onlookers by entering random digits before your actual PIN code.

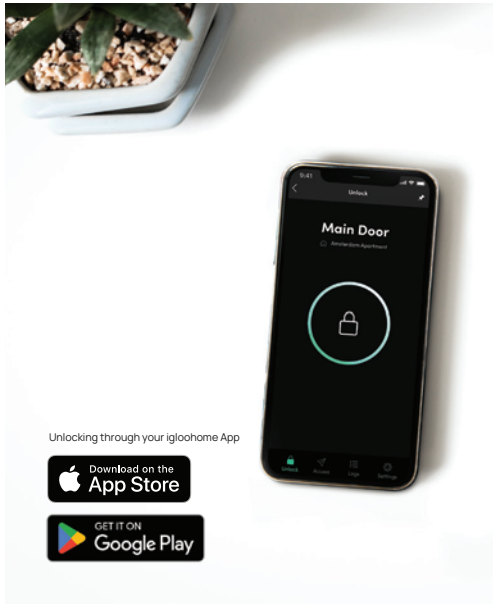
Volume Control
Adjust the volume according to your preference. Select from levels 0 (mute) to 6 (loudest).

Security Lockout
Keypad is disabled after several incorrect access attempts to ensure your property is always secure.

Tamper Alarm
The lock will sound an alarm if it is being pried from the door to alert and deter potential tampering attempts.

Obstruction Alarm
The lock will sound an alarm if the bolt tongue cannot be extended or retracted fully to alert the user of any obstructions.

SOFTWARE FEATURES



We're all about convenience.

Set up, operate and manage your igloohome devices with the mobile app. We're putting access in the palm of your hands.

Available on the App Store and Google Play for free!

More than just a lock.

Customised workflows are easy.
You want it? We got it. Our APIs and SDKs are available on iglooaccess for you to create custom access workflows with the lock.

One lock for all your lifestyle needs.
Integrate with third-party service providers on iglooconnect. We're always growing our network so better serve you. Soon you'll be able to offer secure access to cleaning, dog-walking services and more!

Powered by our unique algoPIN™ technology.

No need for key handovers, or having guests to download an app to receive time-sensitive PIN codes. It's total freedom from needing a WiFi connection for your lock to work.

Grant access remotely for every visitor and guest. These can be created on the go with our innovative algoPIN™ technology. You can simply share the codes via iMessage, WhatsApp, SMS, and more.

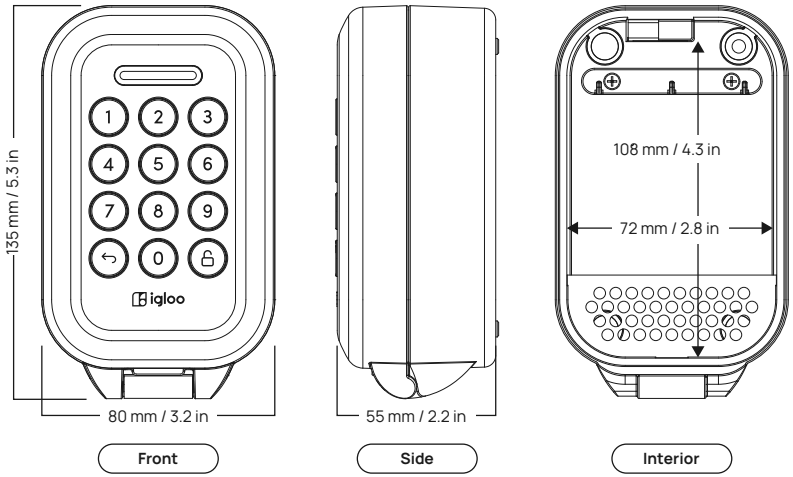
Kept in the loop.

Through the app, you can view activity logs to keep track of activity within your home.

Activity logs are updated when you sync your app and the lock in Bluetooth range. Bluetooth unlocks are updated in real-time remotely.

You can stay in the loop 24/7 with the Bridge. View all activities on demand when you decide to take your lock online.
*WiFi connection is required.

SPECIFICATIONS



Model Number	
UPC	765855085618
EAN	0765855085618
Wall Type	Wood, Brick, Concrete, Metal, Masonry, Drywall
Dimensions	
Exterior	80 (W) x 135 (H) x 55 (T) mm / 3.2 (W) x 5.3 (H) x 2.2 (T) in
