Patented QuietGlide® technology
Bluetooth® connected to Hyperice App
Lightweight design (1.18 kg)
Cordless — 3 hour battery life
Detachable battery/handle
Travel-friendly (TSA approved carry-on)

What's included

Hypervolt 2 Pro
Head attachment pouch
5 head attachments
(Fork, Ball, Cushion, Flat, Bullet)
18V charger
International plug adapters (3)

Hypervolt® 2

Percussion massage device

Features

3 speeds
Brushless high-torque 60W motor
Patented QuietGlide® technology
Bluetooth® connected to Hyperice App
Lightweight design (0.82 kg)
Cordless — 3 hour battery life
Travel-friendly (TSA approved carry-on)

What's included

Hypervolt 2
Head attachment pouch
5 head attachments
(Fork, Ball, Cushion, Flat, Bullet)
18V charger
International plug adapters (3)

Hypervolt Go® 2

Portable percussion massage device

Features

Available in Matte Black and Arctic Grey
3 speeds
Brushless high-torque 40W motor
Patented QuietGlide® technology
Lightweight design (0.68 kg)
Cordless — 3 hour battery life
Travel-friendly (TSA approved carry-on)

What's included

Hypervolt Go 2
Head attachment pouch
2 head attachments
(Flat, Bullet)
USB-C charger
International plug adapters (3)

Heated Head Attachment

Heated percussion device accessory

Features

3 heat levels
Level 1: 109°F (43°C)
Level 2: 115°F (46°C)
Level 3: 120°F (49°C)
Compatible with all Hypervolt models
Lightweight design (<0.1 kg)
75 minute battery life
Travel-friendly (TSA approved carry-on)

What's included

Heated Head Attachment
USB-C charging cable

Features

3-button control (power, heat, and vibration)
3 levels of vibration
3 levels of HyperHeat™ technology
Neoprene wrap + silicone surface
Cordless — 3 hour battery life
Travel-friendly (TSA approved carry-on)

What's included

Venom 2 Back
18V charger
International plug adapters (3)

Venom® 2 Leg

Advanced heat + vibration wrap

Features

3-button control (power, heat, and vibration)
3 levels of vibration
3 levels of HyperHeat™ technology
Neoprene wrap + silicone surface
Cordless — 3 hour battery life
Travel-friendly (TSA approved carry-on)

What's included

Venom 2 Leg
18V charger
International plug adapters (3)

Venom® 2 Shoulder

Advanced heat + vibration wrap

Features

3-button control (power, heat, and vibration)
3 levels of vibration
3 levels of HyperHeat™ technology
Neoprene wrap + silicone surface
Cordless — 3 hour battery life
Travel-friendly (TSA approved carry-on)

What's included

Venom 2 Shoulder
18V charger
International plug adapters (3)

Venom® Go

Heat + vibration wearable

Features

3-button control (power, heat, and vibration)
3 levels of vibration
Nanotechnology heat
Cordless —1 hour battery life
Travel-friendly (TSA approved carry-on)

What's included

Venom Go pod
Venom Go adhesive pads (3)
USB-C cable

Vyper®

The Vyper line uses pressure and high-intensity vibration to amplify the traditional foam rolling experience. These next-level fitness rollers accelerate warmup and recovery, release tension and tightness in the muscles, and help to maintain full range of motion while promoting overall wellbeing and performance.

Vyper® 3

High-intensity vibrating roller

Features

3 speeds
Bluetooth® connected to Hyperice App
High-torque 34W motor
Contour-designed EPP roller
Lightweight design (1.36 kg)
Cordless — 2 hour battery life
Travel-friendly (TSA approved carry-on)

What's included

Vyper 3
18V charger
International plug adapters (3)

Hypersphere®

The Hypersphere line provides a targeted vibration massage to unlock the body and help you move better. Activate your muscles as a pre-workout warm up, recover strong after training, and relax and release tension at any time. The Hypersphere is designed to pinpoint problem areas, leaving you limber and revived.

Hypersphere®

Vibrating massage ball

Features

3 speeds
High-torque 30W motor
Lightweight design (1.27 kg)
Cordless — 2 hour battery life
Travel-friendly (TSA approved carry-on)

What's included

Hypersphere
18V charger
International plug adapters (3)

Hypersphere® Go

Compact vibrating massage ball

Features

3 speeds
High-torque 40W motor
Lightweight design (0.45 kg)
Cordless — 2 hour battery life
Travel-friendly (TSA approved carry-on)

What's included

Hypersphere Go
18V charger
International plug adapters (3)

Hyperice®

The Hyperice line is the innovation that started it all. It combines the benefits of both icing and compression for a next-level treatment. It helps encourage healing and reduces pain for any injury that causes swelling and inflammation, such as sprains, strains, and tears. This elevated way to ice is neat and portable with a patented air release valve to maintain extra cold surface contact.

Hyperice® Knee

Ice compression wrap

Features

Patented air-release valve
Machine-washable
Ice cell with watertight seal
Lightweight design (0.68 kg)
Travel-friendly

What's included

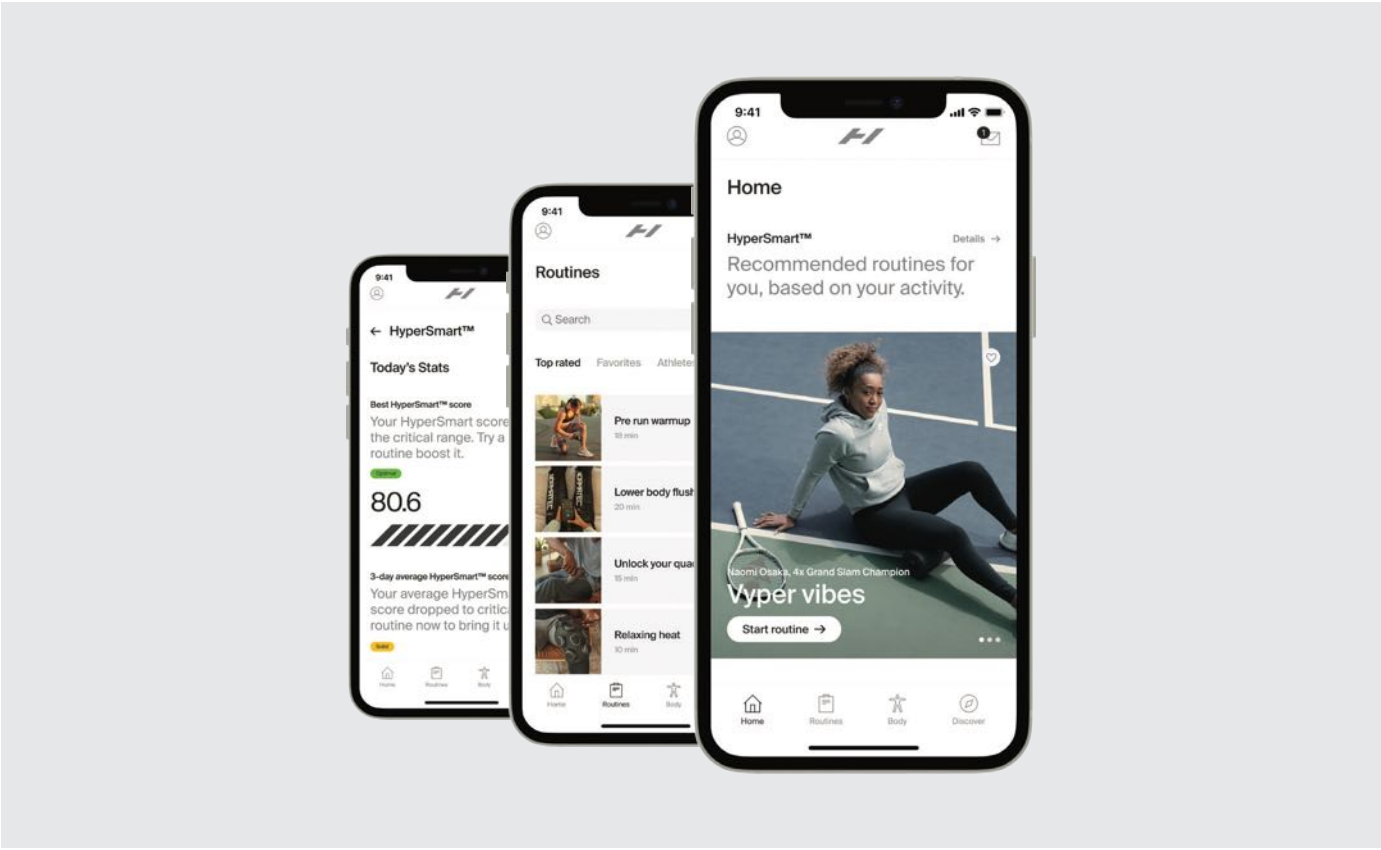

Hyperice Knee
Ice cell

Apps

The Hyperice App and Core Meditation App blend your physical and digital activity to create an experience entirely customized to you. Operate devices, personalize routines, get expert advice, and measure your progress with biofeedback and data metrics.

Hyperice® App
