

JIANKUN
SAFETY SHOES

COMPANY PROFILE

The company is a manufacturing vendor of safety shoes, founded in 1985. After three generations of hard work, it has become a BSCI certified company, specializing in the design and production of mid to high-end safety shoes with a vertical setup. We have a team of over 300 staff members, including 50 professional designers and managers. With an annual output capacity of 2.6 million pairs, we strive to provide our customers with the best products.

Our plant is located in Gaomi city, Shandong province, covering an area of over 30,000 square meters. It is conveniently situated near Qingdao port, China. Equipped with advanced machinery and managed by professionals, we are capable of supplying PU injection and Cement shoes. Our production lines consist of three PU injection lines and two cement lines.

One of our key advantages is the proximity of our factory to Qingdao port, only about 60 kilometers away. Additionally, we have a Foreign Trade Office in Qingdao.

Looking ahead, our purpose is to "Do the best!" We are committed to delivering high-quality shoes and excellent service to our domestic and international customers. We strive for excellence and seek win-win cooperation.
