01 Company profile

— Guangdong Xin Tongshi Group Co.,Ltd —

Established in 2004, Guangdong Xin Tongshi Group is a professional manufacturer and high-tech enterprise in Guangdong Province in China, which can independently develop, design and produce automotive cooling system products based on drawings and samples. Our factories area is up to 160,000+sqm with more than 1300+ workers.

There are as many as 58 series and more than 11,000 models of products. They are copper radiators, aluminum radiators, brazing and mechanical radiators, heaters, condensers, intercoolers, oil coolers, evaporators, etc., which are applicable to all kinds of cars, light trucks, heavy trucks, buses, generators and engineering machinery vehicles.

After 20 years of development, Xin Tongshi Group now has four major production bases, five trading companies, one equipment sales company, and one packaging company. It also has overseas branches in Dubai, Vietnam, Laos and Malaysia.

Company development history

Development history of Xin Tongshi Group

2004年

在广州成立,生产制造铜质,铝质车用散热器。
Founded in Guangzhou, start Copper, Aluminum Radiator manufacturing.

2008年

2008年,搬迁至佛冈县汤塘镇,公司注册为“佛冈鑫统仕汽车散热器有限公司”。
Moved to Tangtang Town, Fogang County and Renaming it "Fogang Xin Tongshi Auto Radiator Co., Ltd."

2010年

启动汽车散热器散热器自制生产线。
Start Auto Radiator tube manufacturing line.

2011年

通过ISO/TS16949:2009质量管理体系认证。
Passed the Certification of ISO/TS16949:2009 Quality Management System.

2012年

NO.2厂房竣工,成为国际热交换协会NARSA的成员。
The No.2 Factory Plant have been completed, to be the Member of NARSA (The International Heat Transfer Association)

2013年

启动暖风和冷凝器生产线,成立广州市卡赛林贸易有限公司。
Start Heater and Condenser manufacturing line.
Start GUANGZHOU CASSELIN TRADING CO.,LTD.

2015年

重新注册为“广东鑫统仕车用热系统有限公司”成立了研究所分公司。
Renaming "Guangdong Xin Tongshi Vehicle Thermal System Co., Ltd",
Start R&D Institute Division.

2016年

NO.3厂房竣工,启动汽车散热器水箱自制生产线,启用ERP管理系统提高产品交付率。
The No.3 factory plant have been completed. Start Radiator Tank Manufacturing line. To Improve Production Efficiency, We started using ERP Management System to Improve our delivery performance.

2017年

实行阿米巴经营模式,开始集团化管理运营。
Adopt Ameba Management Pattern, start toward collectivization management operation.

2018年

成立广东爱克威贸易有限公司,拥有仓库和办公室的越南和迪拜境分公司成立并运营。
投入大量自动化生产设备比如金铝水箱机械手焊接,主钢板机械手冲压,全自动滤芯机等提高生产效率。
Start Guangdong AKV Trading Co.,Ltd. We open branch in Vietnam and UAE with office and warehouse. Using automatic production equipment such as manipulator to weld all-aluminum radiator, stamp the header and side plate. Automatic core assembling machine etc, to improve production efficiency.

2019年

启动蒸发器生产线和CRM客户资源管理系统,成立老挝统仕汽车零部件有限公司和鑫统仕(马来西亚)有限公司。
Start Evaporator manufacturing line and CRM (customer resource management) System. Start Laos Tongshi Auto Parts Co., Ltd. and Xin Tongshi Malaysia SDN BHD.

2021年

更名为广东鑫统仕集团有限公司。成立子工厂广东鑫亚制冷设备制造有限公司、鑫统仕(江苏)换热系统有限公司和湖南统仕热交换科技有限公司。
Renaming "GUANGDONG XIN TONGSHI GROUP CO.,LTD". Start sub-factory "Guangdong Xinya Air Conditioning Manufacturing Co.,Ltd", Xin Tongshi (Jiangsu) Heat Exchange System Co.,Ltd and "Hunan Tongshi Heat Exchange Technology Co., Ltd.

2022年

成立成都市鑫统仕贸易有限公司、清远市鑫旭贸易有限公司、江苏宿迁拓普西贸易有限公司和鑫亚设备销售(清远)有限公司。
Start CHENGDU XIN TONGSHI TRADING CO., LTD, Qingyuan SUNSHINE Trading Co.,Ltd, Jiangsu Suqian Topsy Trading Co., Ltd and Xinya equipment sales Co., Ltd.

2023年

成立宿迁鑫鸿包装材料有限公司。
Start Suqian Xinhong Packaging Materials Co., Ltd.

03 Company honor and strength

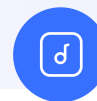

honor and strength

Certificate of honor ▶▶▶

In 2014, the company passed the ISO/TS16949:2009 automotive industry quality system certification, and passed the IATF16949:2016 new version of the quality management system certification on December 6, 2017. In 2016, it was awarded the Qingyuan Engineering Technology R&D Center, Guangdong High-tech Enterprise Certificate, and Guangdong Province Independent Innovation Model Enterprise. In 2022, Xin Tongshi obtained certificates such as National High-tech Enterprise, Guangdong Province Specialized and New Enterprise, Guangdong Province Independent Innovation Demonstration Enterprise, Guangdong Province Engineering Technology Research Center, IATF16949 Quality System Certification Enterprise, Guangdong Province Science and Technology Expert Workstation, and Guangdong Province Doctoral Workstation. ...

The company has obtained 15 utility model patent certificates issued by the State Intellectual Property Office and 2 invention patent certificate.

发明专利证书2项

实用新型专利证书49项

= honor and strength =

Research and development strength ▶▶▶

Xin Tongshi Group has R&D teams in factories in Guangdong, Jiangsu and Hunan. The company focuses on new product development and technological innovation, with an innovative research and development team and experienced technical talents. The research and development investment in new technologies and fields has been increasing year by year. We strictly adhere to the quality policy of "Quality excellence to gain markets, diversification varieties to win customers, improving management to seek progress".

honor and strength=

Testing Center ▶▶▶

Xin Tongshi Testing Center is mainly engaged in internal and external product testing. We have Blasting and vacuum test bench, Pressure Circulating Testing Bench, high-low temperature test chamber, Thermal Circulating Testing Bench, Torsional Test Bench, Electrodynamic Vibration Test System, Stone impact resistance test bench, Drop weight impact test rig, electronic stretching-testing machines, Pendulum impact test rig, Carton compression testing machine, Carboard bursting strength machines, 3-D image measuring machines, Roundness measuring instruments, Three-Dimensional Coordinates, Salt Fog Corrosion Test Chamber ect precision testing equipment.

04 Manufacturing companies and trading companies

Guangdong Xin Tongshi Group Co., Ltd.

Main production: hardware accessories, high-frequency aluminum welded tubes, plastic tanks, condensers, intercoolers, passenger car radiator, commercial car radiator, truck radiator.

As the Group headquarters, Guangdong Xin Tongshi Group Co., Ltd. is mainly engaged in the research and development and production of mould, hardware accessories, machined parts, high-frequency aluminum welded tubes, plastic tanks, condensers, various types of vehicle radiators, intercoolers, and industrial equipment. This base includes a complete line of production processes, such as tube manufacturing, fin production, header & side plate stamping, core assembly, core brazing, tank clinching, product testing, and product packaging for various products.

— Manufacturing companies —

XIN TONGSHI (JIANGSU) HEAT EXCHANGE SYSTEM CO., LTD

Main production: all kinds of metal stamping parts, high frequency welding pipe, brazing and tube expansion radiator, brazing and tube expansion heater, evaporator, oil cooler, carton and so on.

In order to meet the global supply of automotive heat exchange system products and adapt to the development needs of the group company in the next 10 years, Guangdong Xin Tongshi Group Co., Ltd. registered and established XIN TONGSHI (JIANGSU) HEAT EXCHANGE SYSTEM CO. in Sihong Economic Development Zone, Jiangsu in January 2021 .

Xin Tongshi (Jiangsu) Heat Exchange System Co., Ltd. covers an area of 91 acres and has a construction area of 62,000 square meters. As the second largest production base, XIN TONGSHI (JIANGSU) HEAT EXCHANGE SYSTEM CO., LTD. is equipped with brand new industry-leading manufacturing and processing equipment with high precision and efficiency production characteristics. According to customer needs, we can develop and produce various types of hardware stamping parts, high-frequency welded tubes, brazed and mechanical radiators, brazed and mechanical

**Hunan Tongshi Heat Exchange
Technology Co., Ltd**

**Main production: condenser,
evaporator, heater radiator and
other host supporting products.**

As the third largest production base, Hunan Tongshi Heat Exchange Technology Co., Ltd. has the strength to research and develop air conditioning and cooling systems for fuel vehicles, new energy vehicles, and other vehicles. It also has the testing ability from product development and design to verification stages. Its products cover multiple fields, such as single temperature single drive, dual temperature dual drive, and new energy vehicle air conditioning, and have the characteristics of environmental protection, energy-saving, high quality and efficiency. The product quality has strong competitiveness in the same industry.

The company's business scope is: research and development, production, and sales of various vehicles heat exchange system and their components. It Mainly equipped with the OEM of condensers, evaporators, heater, and radiator. The products have now been supplied in bulk to brands such as FAW, Dongfeng, Shacman, BAIC, Chery, HOZON, Karry, KING-LONG, Yutong, etc.

Manufacturing companies

Guangdong Xinya Air Conditioning Manufacturing Co., Ltd.

Main production: vulcanization furnace, drying furnace, commercial heating and cooling machine, commercial hot water machine, heat pump dryer and other industrial equipment sheet metal accessories.

Guangdong Xinya Air Conditioning Manufacturing Co., Ltd. is a subsidiary of Guangdong Xintongshi Group Co., Ltd. It is located in Jubao Industrial Park, Tangtang Town, Fogang County, Qingyuan City, Guangdong Province, covering an area of nearly 50 acres. Guangdong Xinya Air Conditioning Manufacturing Co., Ltd. integrates the R&D and manufacturing of non-standard equipment such as refrigeration equipment, rubber and plastic equipment, and blow molding equipment. It has a complete set of precision sheet metal processing equipment, a fully automatic spraying production line, and a complete process flow system. It can provide structural design, process engineering, processing and manufacturing services according to customer requirements. Non-standard equipment products include automotive accessories, household and industrial air conditioners, rubber and plastic industries, Our main products include vulcanization furnaces, drying ovens, various air conditioning refrigeration production equipment, etc.

江苏宿迁拓普西贸易有限公司

Jiangsu Suqian Topsy Trading Co., Ltd

Jiangsu Suqian Topsy Trading Co., Ltd was established as a subsidiary of Guangdong Xin Tongshi Group Co., Ltd in 2022. The team with 15 years of international trade expertise in the group factory's foreign trade department served as the forerunner of its sales service team. The aim is to consolidate resources for auto parts, focus on the international market for auto parts goods, and further improve services. We have been focusing on the automotive aftermarket for more than 20 years, and gradually added the OEM market business to radiators, heaters, coolers and evaporators.

We have been focusing on the automotive aftermarket for more than 20 years, and gradually added the OEM market business to radiators, heaters, coolers and evaporators.; The major items include, but are not limited to, brazing radiators, mechanical radiator, condensers, heaters, intercoolers, oil coolers, electric fans, evaporators, compressors, and other items that may be used for generators, construction equipment, passenger cars, trucks, and other vehicles. We can also create industrial refrigeration equipment such as chillers, rubber equipment, and terminals for central air conditioning. Main markets: more than 100 countries and regions from North America, Southeast Asia, Europe, Oceania, Central America, and Central Asia etc; Main brand: "TONGSHI" has been registered in more than 40 countries around the world, and there are 20 brand agents in some countries from Southeast Asia and Central America. We can also meet customers' needs for labeling. For example, we can provide "XTS, TOPSY" and other multi-brand options at the same time. As a trading company, Topsy can help clients fine-tune their product selections, optimize the resources of auto parts suppliers, integrate auto parts products, and concentrate on Guangdong and Jiangsu warehouses for inspection, loading, and exporting to focus on clients' highest needs and demands., "XTS TOPSY" Our team: We have a professional sales team, careful and responsible quality control personnel and after-sales service team; From service to quality and after-sales service to meet your needs, to provide customers with diversified products, high quality service and good quality assurance!
