ABOUT US

17 YEARS OF EXCELLENCE IN OLEOCHEMICALS

SUPPLYING OVER 80 COUNTRIES

Our Refined Glycerine and Surfactants operations began in 2007 and 2012 respectively. With an annual production capacity of 40,000 metric ton for Refined Glycerine and 24,000 metric ton for Surfactants, we have grown steadily to become a **strong, dependable and reliable manufacturer** that can offer large volume commitment to our Customers.

DELIVERING QUALITY

At Vance, our strength in R&D is complemented by a **strong quality culture** across our businesses. We invest heavily in **quality management systems** and seek to adopt best-in-class practices throughout the production, storage and logistics processes. **Continuous R&D** of new products and improvement of current products are also our focus, so as to increase our product portfolio to serve increasing customers' demand.
