

SEO Brochure

GemFind recommends a comprehensive approach that combines both initial on-page setup and ongoing monthly SEO to help jewelry stores and jewelry businesses achieve top rankings on search engines.

SEO Silver

Designed for jewelry stores in smaller markets or for jewelry businesses taking their first steps in building a foundational online presence.

SEO Gold

Tailored for jewelry stores in mid-sized markets or established jewelry businesses that require additional keyword targeting and consistent ongoing SEO efforts.

SEO Platinum

Ideal for jewelry stores in highly competitive markets or those with multiple locations seeking to maximize their local and regional visibility.

SEO Palladium

(Coming soon in 2025 Q2)

Perfect for e-commerce jewelry businesses or any jewelry business aiming for maximum website visibility and increased online traffic.
