FROM MY FACTORY TO YOUR SHAKER

“In a sea of supplement brands, less than one in a thousand actually make what they sell. My commitment to customers runs deep, and that’s why I personally oversee every step of NutraBio’s manufacturing in my own facility. For almost three decades, my eyes have been on every process, ensuring my promise backs every bottle. We don’t cut corners or compromise because we understand your expectations. In quality and efficacy, we don’t follow industry standards — we are the standard.”

- MARK GLAZIER
PRESIDENT | CEO

WE'VE BEEN IMPROVING THE SUPPLEMENT INDUSTRY SINCE 1996

Since 1996, NutraBio® has been dedicated to providing premium-grade supplements. In 2001, we revolutionized the industry with four commitments: full label transparency, no fillers or additives, therapeutic dosages, and in-house manufacturing with independent laboratory testing. Today, we continue to enhance our supplements with cutting-edge technology, unwavering in our commitment to never compromise on quality—ensuring you get the results you deserve.

MRP

MRP is a complete meal replacement powder based on a 40:40:20 ratio of protein to carbs and fats. The protein source consists of 50% fast absorbing Whey Protein Isolate and 50% slow absorbing Micellar Casein to give a steady release of amino acids for up to 4 hours. MRP contains clean, high quality carbs sourced from highly branched cyclic dextrin and fat from medium chain triglycerides sourced from coconut oil.†
