**CUSTOM MADE
TO YOUR
COMPANY'S
SPECIFICATIONS**

Elross are pleased to present our Mobile Site Caravans built specifically for the rigours of the mining and energy sectors, as well as government departments, where a reliable and robust application is needed.

Our vehicles are custom built onsite in our Perth based Manufacturing facility and come "Turn key", ready for immediate deployment into the field.

Customized project builds are our speciality, with the vans sizing, internal layouts and features tailored to suit your companies individual specification.
