The CabriO cableway dates back to 1893

Stanserhorn

The trip up the Stanserhorn on the CabriO cableway and funicular railway (dating back to 1893) is like taking a trip through cableway history. A 100-kilometre Alpine chain, ten Swiss lakes, Stanserhorn Rangers, marmots, a plant preservation area with a vast variety of flora and fauna, culinary delights in the Stanserhorn revolving restaurant including the best Älplermagronen in Switzerland are just waiting to be discovered on the Stanserhorn, all 1'900m high above everyday life. Swiss Tailor Made are proud to partner Stanserhornbahn, with our aim being to develop FIT and group business from the UK and USA. In addition to offering the most competitive rates for groups, we also take care of special events and all catering options.

Tour Operators looking to include the Stanserhorn in their programmes should get in touch with us via team@swisstailormade.com
