About Mininor

Scandinavian Smart Parenting

Mininor is a Danish company providing high quality mother and baby care products that add real value to daily life with a baby.

Each and every Mininor product is designed and manufactured following Danish design principles. This includes attention to the finest detail to improve performance, better choice of materials that are healthier and more environmentally responsible, and designing products that are aesthetically pleasing.

All products are designed to be durable, safe and are tested in accordance with relevant European standards.

Mininor offer a range of products across four categories.

Safe for Kids

Mininor adheres to strict safety standards as a registered provider of food contact materials, ensuring that all products meet rigorous regulatory requirements for health and safety. Committed to protecting families and infants, Mininor uses only high-quality, non-toxic materials that are thoroughly tested for compliance with international food safety guidelines. This dedication reflects the brand's core values of trust, quality, and care.

Caring

mininor

Caring

The Mininor caring range includes all the essential items for your baby's daily care, grooming, and hygiene. Each product is thoughtfully designed with safety, comfort, and ease of use in mind.

Soothing

mininor

Latex Dummies

Mininor Latex Dummies combine trusted quality with thoughtful design, making them the preferred soother for many hospitals in Denmark. Designed to support babies' natural sucking reflex, the teat is made from completely natural, sustainable, and non-toxic latex rubber. The shield, crafted from high-grade, food-safe polypropylene (PP), is heat-resistant and shaped to allow airflow around the mouth, reducing skin contact and helping to prevent moisture build-up and irritation. Available in two sizes (0 months and 6 months+) and 100% recyclable, each two-pack offers a safe, soothing solution for your baby's comfort.

Silicone Dummies

Mininor Silicone Dummies feature a stylish round retro design in on-trend colours, combining practicality with timeless appeal. Available in two sizes—0 months and 6 months+—they're made from durable, allergy-safe silicone and include a low-tox polypropylene (PP) shield for added safety and comfort. Compliant with EN 1400 standards and 100% recyclable, each pack includes two dummies—an ideal choice for eco-conscious parents looking for a safe, long-lasting, and stylish option for their baby.

Eating

mininor

Eating

Mininor's eating range supports your baby from bottle to cup. The durable glass and PP feeding bottles feature medical-grade, anti-colic silicone teats that mimic natural breastfeeding. For older babies, the 220ml Straw Bottle with soft handles and a weighted, no-spill straw makes transitioning to cup drinking easy. All products are safe, practical, and made for everyday use.
