

Recell Lab's Products

Trade Name	INCI Name	Properties	Package
Idebenosome RC-200	Water, Butylene Glycol, Glycerin, Hydrogenated Lecithin, Caprylic/Capric Triglyceride, Hydroxydecyl Ubiquinone, 1,2-Hexanediol, Glycine Soja (Soybean) Sterols, Panthenol	Idebenone promotes cell growth, protects cells, and reduces various effects. Idebenone plays a role in promoting activity from the dermal layer to layers other than collagen and elastin. Like it has the function of alleviating melanin production and relieving the skin or softening the skin, and is effective in improving elasticity, removing wrinkles, and improving skin tone.	1kg/bottle, 5kg/barrel
Asiaticobenosome	Water, Centella Asiatica Leaf Extract, Citrus Aurantifolia (Lime) Fruit Extract, 1,2-Hexanediol, Butylene Glycol, Glycerin, Hydrogenated Lecithin, Caprylic/Capric Triglyceride, Glycine Soja (Soybean) Sterols, Hydroxydecyl Ubiquinone, Panthenol	➤ Exquisite combination of anti-inflammatory ingredients and idebenone	1kg/bottle, 5kg/barrel
RC Atico 10000	Water, Isopentylidol, Propanediol, Polyglyceryl-4 Oleate, Asiaticoside, SodiumStearoyl Glutamate	➤ A natural key for a healthier skin preventing the ageing signs. ➤ Firming, anti-wrinkle and nourishing effect	20kg/bucket
RC Bakutinol A10	Water, Glycerin, Caprylic/Capric Triglyceride, Bakuchiol, Octyldodecanol, Polyglyceryl 4 Oleate, 1,2 Hexanediol	➤ Natural active material that exhibits anti-aging effects like retinol.	1kg/bucket
RC Bakutino O10	Octyldodecanol, Pentaerythrityl Tetraisostearate Bakuchiol, Isoamyl Laurate , Cetyl Ethylhexanoate	➤ Bakuchiol has similar aging-improving effects to retinol and has a very good stability than retinol. ➤ Bakuchiol imparts retinol efficacy to the skin without side effects.	1kg/bucket
RC DNA(10)	Water, Butylene glycol, Pentylene Glycol, Sodium DNA, Isopentylidol	Tissue regeneration(anti aging, restructuring, rejuvenation, anti-wrinkle, whitening, enhancing elasticity, hair growth, ets)	1kg/bottle, 5kg/barrel
RC DNA(s)	Water, Butylene Glycol, Isopentylidol, Pentylene Glycol, Sodium DNA		1kg/bottle, 5kg/barrel
RC Fructan	Water, Butylene Glycol, Isopentylidol, Fructan, 1,2-Hexanrdiol, Sodium Surfactin	➤ Fructan is a general term for homopolysaccharides composed of fructose, and is a polysaccharide based on research on D-fructose. ➤ Helps soothe and moisturize the skin. Helps form a film. Increase hydration. Helps stabilize cosmetic emulsions. ➤ May act as a film former when used in skin care products.	20kg/barrel
RC Fullerene C60	Fullerenes, Water	➤ Fullerene liposomes have a protective effect on UVA induced collagen I and IV damage. ➤ Fullerene has a good protective effect on UVB induced cell damage. ➤ Effect of fullerene on UVB induced mouse skin Skin erythema has obvious inhibitory effect.	1kg/bottle
RC Glusome 0.1M	Isopentylidol, Butylene Glycol, Propanediol, Polyglycerin-3, Glutathione, Sodium Surfactin	➤ An opaque milky white gel-type formulation. Dispersed in water (Water-Soluble & Easy to USE) → Increased compatibility Strong stability against temperature and light → Formulation stability improved ➤ Anti-aging: Prevents aging by preventing cell damage caused by free radicals. ➤ Skin improvement: Inhibits melanin production to brighten skin tone and improve skin elasticity.	10kg/barrel
RC Glusome 0.5M			10kg/barrel
RC Phloretin Aqua	Water, Isopentylidol, Propanediol, Polyglyceryl-4 Oleate, Phloretin, SodiumSurfactin, Sodium Stearoyl Glutamate	➤ Phloretin been optimized to be suitable for water-soluble liquid application. ➤ RC Phloretin Aqua stimulates the synthesis of essential proteins and fibers and accelerates cell turnovers to correct existing damage. ➤ Skin whitening: inhibition of tyrosinase activity and melanin precipitation, skin pigmentation whitening can also have a significant synergistic effect with albutin or cozic acid, and can significantly increase tyrosinase inhibition. ➤ Phloretin, a powerful antioxidant, can remove free oxygen, prevent aging, prevent cell mutations, promote cell metabolism, reduce wrinkles, increase skin support structures, and enhance skin immunity to UV rays.	10kg/barrel
RC VBE	Vanillyl Butyl Ether	➤ It has good skin affinity and can penetrate the skin slowly. ➤ The pleasant warming effect is mild and long-lasting. ➤ It increases skin temperature, promotes subcutaneous fat burning, and promotes microcirculation to slim the body.	5kg/AL bottle
Recell Bio SH-100(H)	Water, Sodium Hyaluronate, 1,2-hexanediol, Ethylhexylglycerin	➤ Maintain skin volume ➤ Excellent moisturizing effect ➤ Action that helps the metabolic process of cells ➤ Antioxidant effect that suppresses free radical activity caused by various causes.	20kg/bucket, 200kg/drum
Recell Bio Super SH8	Sodium Hyaluronate, Hydrolyzed Sodium Hyaluronate, Hydrolyzed Hyaluronic acid, Hyaluronic Acid, Sodium Acetylated Hyaluronate, 1,2-Hexanediol, Butylene Glycol, Pentylene Glycol, Hydroxyacetophenone, Water	➤ Three-dimensional sponge layer structure. ➤ Precisely locate different levels of the skin. ➤ Three-dimensional moisturizing effect.	20kg/bucket
Recell TECA 10	Isopentylidol, Propanediol, Water, Polyglyceryl-4 Oleate, Asiaticoside, Madecassic Acid, Sodium Surfactin, Asiatic Acid, Madecassoside, Centella Asiatica Extract	TECA is one of the most studied extract of Centella asiatica by the scientific community and the most used by the Cosmetic industry. TECA's properties and applications based on the scientific literature: ➤ Anti-Wrinkle Properties: TECA contains asiaticoside, which stimulates collagen synthesis, leading to improved skin elasticity and reduced wrinkle depth. ➤ Firming Effects: The presence of asiatic acid and madecassic acid enhances fibronectin and collagen synthesis by up to 35%, contributing to firmer skin. ➤ Repairing Effects: Asiaticoside promotes wound healing by stimulating extracellular matrix accumulation, including increased dry weight, DNA, total protein, collagen, and glycosaminoglycan contents in wounds. ➤ Anti-Inflammatory Properties: TECA reduces inflammation through decreased levels of inflammatory cytokines like TNF-alpha, IL-1β, and IL-4, aiding in tissue repair without excessive scarring. ➤ Antioxidant Activity: The extract protects against UVB-mediated damage via regulation of miRNA expression profiles, reducing oxidative stress that can lead to premature aging. ➤ Skin Health Improvement: By enhancing cellular redox status and reducing ROS production, TECA prevents hydrogen peroxide-induced senescence in skin cells, maintaining youthful appearance. ➤ UV Protection: It offers a protective effect against UVB damage by altering microRNA expression profiles in human dermal fibroblasts, preserving cell viability under UV exposure.	1kg/bottle, 5kg/barrel
Spongilla Spicule Powder RC-S002	Hydrolyzed Sponge	The spongilla spicules is a cosmetic active ingredient that has been purified from the sponge and extracted through biotechnology. ➤ Painless: Implantation by application. No significant pain. ➤ Invisible: Like a needle, but not Invisible and touchable. ➤ Noninvasive: Non-instrumental needle no trauma, no bleeding, no anaesthesiarequired. ➤ Effective: A differentiated feeling. A remarkable effect.	1kg/AL bag
Spongilla Spicule Powder RC-S003	Hydrolyzed Sponge		1kg/AL bag
Spongilla Spicule Powder RC-S103	Hydrolyzed Sponge		1kg/AL bag

Proteo Plus	Water, Butylene Glycol, Isopentylidol, Pentylene Glycol, Soluble Proteoglycan	<p>Proteoglycans are a major component of the animal extracellular matrix, a "filler" substance that exists between the cells of an organism, where they form large complexes with other proteoglycans and fibrous matrix proteins such as hyaluronic acid and collagen.</p> <p>➢ Aging care EGF action.</p> <p>➢ Promotes production of hyaluronic acid and type 1 collagen: powerful wrinkle improvement function.</p> <p>➢ Powerful moisturizing power up to 130% of hyaluronic acid.</p> <p>➢ Skin regeneration function (EGF / FGF Like Effect). ➢ Binding function with hyaluronic acid.</p>	10kg/barrel
-------------	---	--	-------------

IMPORT MATERIALS

Shandong Galaxy Bio-Tech Co., Ltd

Trade Name	INCI Name	Properties	Package
Sodium Hyaluronate 1.50MDa	Sodium Hyaluronate	<p>➢ Long term moisturizing action and works to sustain stable emulsion, with thickening effect.</p> <p>➢ A smoothing daily moisturizer. It nourishes and hydrates the skin with all day long efficacy.</p>	1kg/AL bag
Sodium Hyaluronate 1.30MDa	Sodium Hyaluronate		
Sodium Hyaluronate 0.30MDa	Sodium Hyaluronate	<p>➢ It can penetrate into the dermis, promote skin absorption of nutrients, with strong wrinkles reduction, increase skin elasticity, delay skin ageing.</p>	1kg/AL bag
Sodium Hyaluronate 10KDa	Sodium Hyaluronate	<p>➢ Long-term moisturizing action and works to sustain stable emulsion, with thickening effect.</p>	1kg/AL bag
Sodium Hyaluronate Oligosaccharides	Sodium Hyaluronate	<p>➢ It has many biological activities, such as transdermal absorption, moisturizing, repairing, anti-oxidation, etc.</p>	
Hyaluronic Acid 10KDa	Hyaluronic Acid	<p>➢ Deep absorption, skin nourishment, anti-wrinkles.</p> <p>➢ Good moisturizing property, and transdermal absorption capability, nourishing the skin deeply, etc.</p>	1kg/AL bag
Hydrolyzed Hyaluronic Acid 10KDa	Hydrolyzed Hyaluronic Acid	<p>➢ Hydrolyzed form of hyaluronic acid ➢ Has a lower molecular weight than hyaluronic acid</p> <p>➢ More readily penetrates skin ➢ Good moisturizing ingredient</p>	1kg/AL bag
Sodium Acetylated Hyaluronate	Sodium Acetylated Hyaluronate	<p>➢ Owns both lipophilic and hydrophilic properties, promote high affinity and adsorption properties for skin, repair skin barrier, improve skin elasticity, and leave skin smooth.</p>	1kg/AL bag
Cationic Hyaluronic Acid	Hydroxypropyltrimonium Hyaluronate	<p>➢ The Cationic Hyaluronate modified with the cation has a positive charge, which can attract the negative charge of human hair surface. It can be well adsorbed on the hair surface and is resistant to washing. Therefore, it can fully exert the moisturizing function of HA.</p>	1kg/AL bag
Potassium Hyaluronate	Potassium Hyaluronate	<p>➢ Potassium Hyaluronate is the potassium salt form of hyaluronic acid, a glucosaminoglycan, a component of connective tissue, skin, vitreous humour, umbilical cord, synovial fluid and the capsule of certain microorganisms contributing to adhesion, elasticity, and viscosity of extracellular substances.</p>	1kg/AL bag

IMPORT MATERIALS

BEIJING BRILLIANCE BIOTECH CO., LTD.

Trade Name	INCI Name	Properties	Package
Brilliant-MB218 Kojic Acid	Kojic Acid	<p>➢ Water soluble ➢ Whitening - Inhibition of tyrosinase by combining with copper ions</p>	1kg/AL bag
Brilliant-MB228 Kojic Acid Dipalmitate	Kojic Acid Dipalmitate	<p>➢ Oil soluble ➢ Whitening - Inhibition of tyrosinase by combining with copper ions ➢ Promotes skin metabolism ➢ Safety and stability</p>	1kg/AL bag
Brilliant-MB258 Tranexamic Acid	Tranexamic Acid	<p>➢ Water soluble ➢ Whitening - Inhibits protease action on Catalytic effect of peptide bond hydrolysis</p> <p>➢ Scavenges hydroxyl radicals and superoxide radicals</p>	1kg/AL bag
Brilliant-MB221 Ultrafine Azelaic Acid	Azelaic Acid	<p>➢ Anti-acne ➢ Whitening ➢ Keep skin elasticity and brightening</p>	1kg/AL bag
Brilliant-MB222 Potassium Azeloyl Diglycinate	Potassium Azeloyl Diglycinate	<p>➢ Water soluble ➢ Anti-acne ➢ Whitening - Competitive inhibition of tyrosinase activity</p>	1kg/AL bag
Brilliant-MB224 Azelamide MEA	Azelamide MEA	<p>Derivative closer to azelaic acid, Good mildness, sensitive skin friendly Non-stimulation, no itch, no red, Good water solubility, solving the problem of insolubility of azelaic acid in water and oils.</p> <p>➢ Oil control ➢ Anti-bacterial ➢ Rapid spot removal ➢ Remove blemishes and whiten skin.</p>	1kg/AL bag
Brilliant-MB280 Raspberry Ketone Glycoside	Raspberry Ketone Glucoside	<p>➢ Water soluble ➢ Whitening - decrease tyrosinase activity By eliminating excess nitric oxide from the skin</p> <p>➢ Anti-aging</p>	1kg/AL bag
Brilliant-KS60 Slow Released Retinol	Hydroxypropyl Cyclodextrin, Retinol	<p>➢ Disperse with butylene glycol ➢ Improve rough skin ➢ Anti-wrinkle ➢ Anti-aging</p>	1kg/AL bag
Brilliant-KS68 Skincare Additive	Propylene Glycol, Hydroxypropyl Cyclodextrin, PPG-5-CETETH-20, Water, Retinol, Adenosine, Hydroxyacetophenone, 1,2-Hexanediol	<p>➢ Water soluble ➢ Anti-aging ➢ Repair damaged cells ➢ Remove dark circles</p>	1kg/bottle
Brilliant-KS301 Retinol 30	Dimethyl Isosorbide, Retinol, Caprylic/Capric Triglyceride, Tocopherol	<p>Anti-Aging liquid gold / Oil soluble Retinol</p> <p>➢ True Retino 30% By HPLC ➢ No solidification or precipitation at low temperatures ➢ 180 days stability test</p>	1kg/bottle
Brilliant-AZ136 Laurocapram	Laurocapram	<p>➢ Oil soluble ➢ Transdermal absorption promoter</p>	20kg/barrel
Brilliant-QD365 Skincare Additive	Sophora Angustifolia Root Extract, Polysorbate 80, Propylene Glycol, Potassium Azeloyl Diglycinate, Capryloyl Salicylic Acid, Phenoxyethanol, Ethylhexylglycerin	<p>➢ Water Soluble ➢ Anti-acne ➢ Whitening - Competitive inhibition of tyrosinase activity</p> <p>➢ Promote the stratum corneum shedding ➢ Restore skin smooth and delicate</p> <p>➢ Reduce fine lines and wrinkles ➢ Keep skin elasticity and brightening.</p>	1kg/bottle
Brilliant-KS38 Vitamin A Acetate	Retinyl Acetate	<p>➢ Oil soluble ➢ Anti-wrinkle ➢ Improves skin ➢ Delays skin aging</p>	1kg/bag, 10kg/barrel, 20kg/barrel
Brilliant-KS100 Vitamin A Palmitate	Retinyl Palmitate	<p>➢ Oil soluble ➢ Anti-aging ➢ Improve Skin ➢ Delays skin aging</p>	1kg/bag, 5kg/bag
Brilliant-KS26 Capryloyl Glycine	Capryloyl Glycine	<p>➢ Oil soluble ➢ Anti-aging ➢ Anti-bacterial ➢ Inhibits excess sebum production ➢ Effective prevention and treatment of acne. ➢ Hair conditioning</p>	1kg/bag, 10kg/barrel, 20kg/barrel
Brilliant-VAA Tretinoin	Retinoic Acid	<p>➢ Oil soluble ➢ Anti-acne ➢ Stimulate skin cell growth. ➢ Promote cell metabolism and reduce fine lines and wrinkles. ➢ Reduce aging pigment content. ➢ Restore skin smooth and delicate.</p>	0.1kg/bag, 1kg/bag
Brilliant-BSJ Hydroxyethyl Urea	Hydroxyethyl Urea	<p>➢ Water soluble ➢ Moisturizing ➢ Hair conditioning ➢ Better hygroscopic ability compare with glycerin or other hygroscopic agents. ➢ Restore skin smooth and elasticity.</p>	1kg/bag, 10kg/barrel, 20kg/barrel

Brilliant-KY11 Alpha-Bisabolol	Bisabolol	➤ Oil soluble ➤ Anti-allergic	1kg/bottle, 10kg/bottle
Brilliant-PD 135 Pyridoxine Dipalmitate	Pyridoxine Dipalmitate	➤ Oil soluble ➤ Anti-acne ➤ Anti-rough skin and anti-sunburn ➤ Prevention and treatment of seborrheic hair loss	1kg/bag, 10kg/barrel, 20kg/barrel
Brilliant-CSA Capryloyl Salicylic Acid	Capryloyl Salicylic Acid	➤ Oil soluble ➤ Anti-acne ➤ Promote the stratum corneum shedding. ➤ Restore skin smooth and delicate. ➤ Reduce fine lines and wrinkles. ➤ Keep skin elasticity and brightening.	1kg/bag, 10kg/barrel, 20kg/barrel
Brilliant-WCSA Water Soluble Capryloyl Salicylic Acid	Capryloyl Salicylic Acid, Water, Polysorbate 80, PEG-40 Hydrogenated Castor Oil, Triethanolamine, Phenoxyethanol, Ethylhexyl glycerin, Disodium EDTA	➤ Water soluble ➤ Anti-acne ➤ Exfoliation ➤ Improves skin ➤ Reduces wrinkles	1kg/bottle

IMPORT MATERIALS

Xi'an Natural Field Bio-Technique Co., Ltd.

Trade Name	INCI Name	Properties	Package
Glutathione	Glutathione	➤ Strengthening immune function ➤ Important for detoxification ➤ Removal of carcinogens ➤ Antioxidant cell protection ➤ Protects against ionizing radiation ➤ DNA synthesis and repair ➤ Protein synthesis ➤ Prostaglandin synthesis ➤ Leukotriene synthesis ➤ Enzyme activity and regulation ➤ Amino acid movement	1kg/AL bag
Idebenone	Hydroxydecyl Ubiquinone	➤ Idebenone is attracting attention as a powerful antioxidant. ➤ Idebenone, which is excellent for promoting cell growth, cell protection, and antioxidant effects, plays a role in promoting the regeneration of not only collagen and elastin in the dermal layer but also the moisture layer. ➤ In addition, it has the function of suppressing skin pigmentation by suppressing melanin production, reducing skin discoloration or brightening the skin, and is effective in improving elasticity, wrinkle removal, and skin tone.	1kg/AL bag
NMN	Nicotinamide Mononucleotide	➤ Prevents whole body aging by activating longevity genes ➤ Regeneration of weakened skin ➤ Hair loss improvement ➤ Promotes cellular energy and extends cell life ➤ Can alleviate various aging symptoms ➤ It suppresses various skin declines caused by aging, such as wrinkles, sagging, and dandruff.	1kg/AL bag
Resveratrol	Resveratrol	➤ Improves skin elasticity, firmness and radiance, suitable for stressed skin ➤ Provides strong UV radiation protection. ➤ Increases the Aerobic Capacity, potent antioxidant capability ➤ RSV enhanced mitochondrial enzymatic activity and convert nutrients into energy through cellular respiration. ➤ Decrease Pro-inflammatory cytokines : TNF-α and IL-1β, increase anti-inflammatory cytokine IL-10, diminish p38 MAPK protein activation ➤ Suitable for skin-lightening products ➤ Restore antioxidant function ➤ Reduce cell apoptosis/Apoptotic Levels, as protectant and detoxicant	1kg/AL bag

IMPORT MATERIALS

SPEC-CHEM INDUSTRIAL INC.

Trade Name	INCI Name	Properties	Package
SpecKare®BSA (Betaine salicylate)	Betaine Salicylate	➤ Natural Skin Smoothing Agent ➤ Anti-acne & Moisturizing Agent	1kg/AL bag
SpecKare® CB (Cetrimonium Bromide)	Cetrimonium Bromide	➤ Broad-spectrum antimicrobial activity ➤ Very strong sterilization ➤ Hair conditioning agent ➤ Stability at high temperature ➤ Wide range of pH usage	1kg/AL bag
SpecKare® Resveratrol (Natural)	Resveratrol	➤ Improves skin elasticity, firmness and radiance, suitable for stressed skin ➤ Provides strong UV radiation protection. ➤ Increases the Aerobic Capacity, potent antioxidant capability ➤ RSV enhanced mitochondrial enzymatic activity and convert nutrients into energy through cellular respiration. ➤ Decrease Pro-inflammatory cytokines : TNF-α and IL-1β, increase anti-inflammatory cytokine IL-10, diminish p38 MAPK protein activation ➤ Suitable for skin-lightening products ➤ Restore antioxidant function ➤ Reduce cell apoptosis/Apoptotic Levels, as protectant and detoxicant	1kg/AL bag
Specpure® BML 60	Bromelain, Glucose	The FDA in the United States recognizes bromelain as generally safe, and has categorized it as a food additive. ➤ Bromelain is considered to have very low toxicity, with an LD50 greater than 10 g/kg. ➤ Toxicity tests on dogs, with increasing levels of bromelain up to 750 mg/kg administered daily, showed no toxic effects after sixmonths. ➤ Dosages of 1.5 g/kg/day administered to rats showed no carcinogenic or teratogenic effects. ➤ In human clinical tests, side effects are generally not observed.	1kg/AL bag
SpecWhite® ABT (Arbutin)	Arbutin	➤ Inhibits the formation of melanin pigment by inhibiting Tyrosinase activity ➤ Prevents the production of liver spots and freckles. ➤ The good skin whitening agent which is very popular in Japan, South Korea and other Asian countries for skin de-pigmentation.	1kg/AL bag
Specwhite® MAP (Magnesium Ascorbyl Phosphate)	Magnesium Ascorbyl Phosphate	➤ Stable vitamin C derivative ➤ Prevent periodontal disease ➤ Stimulate collagen production ➤ Reduce hyperpigmentation ➤ Anti-inflammatory ➤ Maintain skin hydration ➤ Relatively high pH tolerance	1kg/AL bag

IMPORT MATERIALS

Guangxi Changzhou Natural Pharmaceutical Co., Ltd

Trade Name	INCI Name	Properties	Package
------------	-----------	------------	---------

Asiatic Acid 95%	Asiatic Acid, Centella Asiatica Extract	➤ Antioxidant: Activates Nrf2, which has antioxidant and cytoprotective properties ➤ Anti-inflammatory: Reduces inflammation, including mouse ear inflammation	1kg/AL bag
Asiaticoside 90%	Asiaticoside, Centella Asiatica Extract	➤ Firming Effect ➤ Anti-Wrinkle Effect ➤ Nourishing Effect	1kg/AL bag
Total Triterpanes 80%	Asiaticoside, Madecassoside, Centella Asiatica Extract	➤ Wound Healing ➤ Collagen Synthesis ➤ Reduced Inflammation ➤ Skin Health ➤ Anti-oxidative Stress Reduction	1kg/AL bag
Free Genins 90%	Madecassic Acid, Asiatic Acid, Centella Asiatica Extract	➤ Wound Healing ➤ Anti-Inflammatory Effect ➤ Antioxidant Activity ➤ Moisturizing Benefits	1kg/AL bag
Madecassic Acid 85%	Madecassic Acid, Centella Asiatica Extract	➤ Promotes collagen production and helps the skin to heal and regenerate. ➤ Anti-Inflammatory ➤ Soothing benefits	1kg/AL bag
Madecassoside 80%	Madecassoside, Centella Asiatica Extract	➤ Soothing Effect ➤ Repairing Effect ➤ Skin Barrier Repairing Effect ➤ Antioxidant Effect ➤ Moisturizing Effect ➤ Anti-redness (Erythema reduction)	1kg/AL bag
Madecassoside 90%	Madecassoside, Centella Asiatica Extract		1kg/AL bag
Madecassoside 95%	Madecassoside, Centella Asiatica Extract		1kg/AL bag
TECA 95%	Asiaticoside, Madecassic Acid, Asiatic Acid, Centella Asiatica Extract	➤ Anti-Wrinkle Properties ➤ Firming Effects ➤ Repairing Effects ➤ Anti-Inflammatory Properties ➤ Antioxidant Activity ➤ Skin Health Improvement ➤ UV Protection	1kg/AL bag
Acme fleur	Acme Oleracea Extract	➤ Natural "Plant Botox" without injections ➤ Immediate anti-wrinkle efficacy and anti-aging active ingredient	1kg/bottle

IMPORT MATERIALS

OTHERS

Trade Name	INCI Name	Properties	Package
Amisoft-LS11	Sodium Lauroyl Glutamate	A mild anionic surfactant derived from the plant-derived amino acid L-Glutamic acid. This ingredient is available in powder format. It has excellent cleansing and foaming properties, and at the same time helps keeping the skin and hair moisturized.	15kg/square can
FLDS-L	Water, Sodium Lauroyl Aspartate	Provides abundant foaming power and a refreshing texture. ➤ Highly biodegradable and decomposes quickly during drainage. ➤ It has very little odor and is recommended for use in fragrance-free products. ➤ Suitable for shampoo, face wash, and body soap.	18kg/square can
L-Ergothioneine	Ergothioneine	➤ Powerful Antioxidant Power ➤ Delaying Aging ➤ Inhibiting Tyrosinase for SkinBrightening ➤ UV Aging Resistance ➤ Anti-Inflammatory Effect	1kg/AL bag

Ceramide Series Products

Powders

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropCare® Cera-3	Ceramide NP	<ul style="list-style-type: none"> Naturally fermented, the ceramide whose structure is closest to the skin itself, and has a strong skin affinity. It can quickly rebuild the bond between cells and repair the barrier. Long-lasting moisturizing and effective reduction of transepidermal water loss. Quickly repairs dry skin and relieves red spots. 	Long-lasting moisturizing, Relieve, Repair.	0.01-1%	500g/bottle 10kg/barrel
DropCare® Cera-NG 30	Ceramide NP, Ceramide NS/Ceramide NG	<ul style="list-style-type: none"> Activates the second messenger of epidermal cells to promote endogenous repair. Exogenous addition of ceramides nourishes nerve synapses, soothes and moisturizes. 	Long-lasting moisturizing, Relieve, Repair.	0.01-5%	500g/bottle 10kg/barrel
DropCare® Cera-6	Ceramide AP	<ul style="list-style-type: none"> Similar to keratin metabolism, it effectively promotes metabolism. Normalize the skin's natural peeling process through molting, rejuvenating dull, rough and aging skin. It is especially suitable as a peeling agent for sensitive skin. 	Repair, Anti-aging.	0.001-0.5%	500g/bottle 10kg/barrel
DropCare® Phytos	Phytosphingosine	<ul style="list-style-type: none"> Stimulates keratinocyte differentiation and improves the skin barrier. It has good antibacterial activity, regulates the skin microecology, and is beneficial to the treatment of acne and dandruff. Improve post-sun redness and swelling, and relieve post-sun skin discomfort. Effectively relieves skin irritation and verifies the symptoms of sensitive skin. 	Soothing, Repair, Anti-acne, Helps with dandruff.	Soothing: 0.01-0.2%, Repair: 0.005-0.1%, Anti-acne: 0.05-0.3%, Hair & Scalp Care: 0.005-0.6%.	500g/bottle 10kg/barrel
DropCare® Te-Phytos	Tetraacetylphytosphingosine	<ul style="list-style-type: none"> Promote the metabolism of human keratinocytes and strengthen the skin barrier. Inhibits UV-induced reduction of type I procollagen and increase of MMP-1 in human dermal fibroblasts. Reduces dark circles and enhances eye cell vitality. 	Remove dark circles, Anti-aging.	0.001-1%	500g/bottle 10kg/barrel
DropCare® Sal-Phytos	Salicyloyl Phytosphingosine	<ul style="list-style-type: none"> Promotes the synthesis of profibrin-1 in fibroblasts. Effectively repairs photoaging skin and reduces the appearance of wrinkles. Smooths skin and strengthens the skin barrier. 	Repair of the skin after the sun, Anti-aging.	0.05-0.2%	500g/bottle 10kg/barrel
DropCare® Cera-9	Ceramide EOP	<ul style="list-style-type: none"> Ceramide with long molecular chains, is a lipid component of the skin. Stabilize the skin lipid structure and repair the skin barrier. 	Long-lasting moisturizing, Repair	0.000001-0.08%	500g/bottle 10kg/barrel
DropCare® Cera-5	Ceramide AS	<ul style="list-style-type: none"> The component of intercellular lipids in the stratum corneum of skin. Accelerate the epidermal renewal cycle, build an efficient water barrier outside the stratum corneum. Prevents moisture from evaporating and is ideal for repairing sensitive and dry skin. 	Long-lasting moisturizing, Repair	0.00001-0.3%	500g/bottle 10kg/barrel
DropCare® Cera NG	Ceramide NS/Ceramide NG	<ul style="list-style-type: none"> The component of intercellular lipids in the stratum corneum of skin. It quickly penetrates into the intercellular space, deeply nourishes, stabilizes and reestablishes intercellular connections, and instantly repairs dry and damaged skin. 	Long-lasting moisturizing, Repair	0.001-2%	500g/bottle 10kg/barrel

SAFETY

Oleic

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropCare® Cera-Oil 50	Ceramide NP, Tetraacetylphytosphingosine, Polyglyceryl-2 Isostearate, Sorbitan Oleate, Glyceryl Stearates, Butyloctanol, 1,2-Hexanediol	<ul style="list-style-type: none"> Can be applied to eye anti-aging products. Good oil solubility, it is recommended to mix oils: squalane, GTCC, IPM, 2EHP, vegetable oil, etc. Exogenous ceramide supplement, immediate repair of cuticle brick wall structure. 	Long-lasting moisturizing, Relieve, Repair.	0.01-5%	1kg/bottle 25kg/bucket

Aqueous

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropCare® Cera-3L(5%)	Ceramide NP, Hydrogenated Lecithin, Polyglyceryl-10 Laurate, Dipropylene Glycol	<ul style="list-style-type: none"> The ingredients are streamlined, non-ionic, safe and non-irritating. It can quickly rebuild the bond between cells and repair the barrier. Long-lasting moisturizing and effective reduction of transepidermal water loss. Quickly repairs dry skin and relieves red spots. 	Long-lasting moisturizing, Relieve, Repair.	0.2-5%	1kg/bottle 25kg/bucket
DropCare® Bionic 100	Ceramide NS/Ceramide NG, Ceramide NP, Ceramide AP, Ceramide EOP, Aqua, Butylene Glycol, Hydrogenated Lecithin, Polyglyceryl-10 Laurate, Pentylene Glycol	<ul style="list-style-type: none"> Micro-emulsification technology is used to compound multiple ceramides to achieve better synergistic effects. It solves the problem of difficult dissolution in the formula and is easy to use in various systems. It is not ionic and can be applied to the carbo system. 	Long-lasting moisturizing, Relieve, Repair.	0.01-5%	1kg/bottle 25kg/bucket
DropCare® Bionic 70A	Ceramide NP, Ceramide NS/Ceramide NG, Ceramide AP, Salicyloyl Phytosphingosine, Phytosphingosine, etc.	<ul style="list-style-type: none"> Micro-emulsification technology is used to compound multiple ceramides to achieve better synergistic effects. It solves the problem of difficult dissolution in the formula and is easy to use in various systems. The water solubility is very good, and it is clear and transparent after dissolving. 	Long-lasting moisturizing, Relieve, Repair.	0.01-10%	1kg/bottle 25kg/bucket
DropCare® Bionic 90A	Ceramide NP, Ceramide AP, Salicyloyl Phytosphingosine, Phytosphingosine, etc.	<ul style="list-style-type: none"> Micro-emulsification technology is used to compound multiple ceramides to achieve better synergistic effects. It solves the problem of difficult dissolution in the formula and is easy to use in various systems. The water solubility is very good, and it is clear and transparent after dissolving. 	Long-lasting moisturizing, Relieve, Repair.	0.01-10%	1kg/bottle 25kg/bucket
DropCare® Cera-3 30P	Ceramide NP, Hydrogenated Lecithin, Glyceryl Stearate, Dipropylene Glycol	<ul style="list-style-type: none"> A powder compound of ceramide NP that can be dispersed in water. Micro-emulsification technology is used to compound multiple ceramides to achieve better synergistic effects. The ingredients are simple and easy to use. 	Long-lasting moisturizing, Repair	0.01-10%	1kg/bag 5kg/bag
DropCare® Bionic 150	Ceramide NP, Ceramide AP, Ceramide EOP, Phytosphingosine, etc.	<ul style="list-style-type: none"> The combination of multiple ceramides with microemulsification technology can achieve better synergistic effect. It solves the problem that it is difficult to dissolve in the formula and is easy to use in various formulas. The product is ionic, and the carbomer system is not recommended. 	Long lasting moisturizing, repair the barrier, relieve.	0.01-5%	1kg/bottle 25kg/bucket
DropCare® Bionic 150 Pro	Ceramide NP, Ceramide AP, Ceramide EOP, Ceramide NS / Ceramide NG, Ceramide AS, Phytosphingosine, etc.		Long lasting moisturizing, repair the barrier, relieve.	0.01-5%	1kg/bottle 25kg/bucket
DropCare® Bionic 150 H	Ceramide NP, Ceramide AP, Ceramide EOP, Phytosphingosine, etc.		Long lasting moisturizing, repair the barrier, relieve.	0.01-5%	1kg/bottle 25kg/bucket
DropCare® Nano Cera-3L (1%)	Ceramide NP, Hydrogenated Lecithin, Aqua, Glycerin, Hexyldecanol		Long lasting moisturizing, repair the barrier, relieve.	0.01-10%	1kg/bottle 5kg/bottle

Whitening & Anti-Spot

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropBrigt® Litein	Oxothiazolidinecarboxylic Acid	<ul style="list-style-type: none"> Prodrug of cysteine (amino acid), natural source, safe and skin-friendly. Increases intracellular glutathione content by providing the substrate cysteine for glutathione synthesis. Excellent whitening & brightening effect. It is water-soluble and easy to use. 	Whitening, Antioxidant.	Daily use: 0.5-2%, Specific purpose: 2.0%-5.0%.	1kg/bag 25kg/barrel
DropBrigt® HEPES	Hydroxyethylpiperazine Ethane Sulfonic Acid	<ul style="list-style-type: none"> High purity, high quality, good safety Promote cutin metabolism, gently exfoliate, without stimulation. Promote smooth and bright skin 	Whitening, Exfoliator, Smooth skin, stabilize pH.	0.5-2%	1 kg/bag 25kg/barrel
DropBrigt® HPR P	Hydroxypinacolone Retinoate	<ul style="list-style-type: none"> Third generation VA derivative, more safer. 	Spot-fading, anti wrinkle.	0.05-0.3%	1 kg/barrel 25kg/barrel
DropBrigt® HPR L	Hydroxypinacolone Retinoate, Dimethyl Isosorbide	<ul style="list-style-type: none"> Less stimulating, more efficient. Effectively reduce age spots, wrinkles, reduce peeling. 		0.5-3%	1 kg/bag 25kg/barrel
DropCare® PPN60	Papain	<ul style="list-style-type: none"> Good water solubility, more diverse formulas, note that it cannot be compounded with carbomer, sodium hyaluronate, sodium polyglutamate, xanthan gum, etc., and can be thickened with hydroxyethyl cellulose. Gentle exfoliation, whitening skin. Natural plant extract, safe and non-irritating. 	Whitening, spot-fading, Tender skin, Bright white teeth.	Daily use: 0.1-0.5%, Specific purpose: 0.5-3%.	1 kg/bag 25kg/barrel
DropBrigt® FLA	Ferulic Acid	<ul style="list-style-type: none"> Found in natural products, more safer. It has both phenolic hydroxy-OH and alkene bonds in structure, showing strong oxidation resistance. It can enhance the anti-oxidative stress effect of skin and play a positive role in preventing photoaging and skin photodamage. 	Whitening, Antioxidant, Anti-inflammatory.	0.1-0.5%	1 kg/bag 25kg/barrel
DropBrigt® SAP	Sodium ascorbate phosphate	<ul style="list-style-type: none"> A stable vitamin C derivative that promotes skin collagen synthesis. Suitable for high concentration formula. It has good water solubility and high bioavailability. 	Whitening, Antioxidant.	Daily use: 0.5-5%, Specific purpose: 10-20%	1 kg/bag 25kg/barrel
DropBrigt® MAP	Magnesium Ascorbyl Phosphate	<ul style="list-style-type: none"> Stable vitamin C derivatives to protect skin and reduce light damage. Suitable for high concentration formula. It has good water solubility and high bioavailability. 	Whitening, Antioxidant.	1.0-3.0%	1 kg/bag 25kg/barrel
DropBrigt® AA2G	Ascorbyl Glucoside	<ul style="list-style-type: none"> A stable vitamin C derivative. It is produced by enzymatic method (based on fermentation process), which has good selectivity, efficiency, bioavailability, bioactivity and low cost. Glucose is introduced to give it extra properties as better solubility and moisture retention. 	Whitening, Antioxidant.	0.5-2%	1 kg/bag 25kg/barrel
DropBrigt® VCE	3-o-Ethyl Ascorbic Acid	<ul style="list-style-type: none"> Possess the structure of lipophilic and hydrophilic. Excellent stability of light, heat, acid, alkali, salt and oxygen. Strong antioxidation, eliminate the free radical in body. 	Whitening, Antioxidant.	1.0-3.0%	1kg/bag 25kg/barrel
DropBrigt® AAB	Alpha-Arbutin	<ul style="list-style-type: none"> Highly-effective skin lightening agent, Bleaching agent. No hydroquinone residue. Biological enzyme engineering products. 	Whitening, Anti-spot.	0.1-2.0%	1kg/bag 25kg/barrel
DropBrigt® TAA	Tranexamic Acid	<ul style="list-style-type: none"> Compliance with BP2017 standard. Tranexamic acid is suitable to all kinds of skin for removing pigmentation, whitening skin and reducing spots. 	Whitening, Anti-spot, Hemostatic.	0.5-2.0%	25kg/barrel
DropBrigt® 4MSK	Potassium Methoxysalicylate	<ul style="list-style-type: none"> High safe and light stable, no irritation. Inhibition of tyrosinase activity to desalinate melanin. Regulation of keratinocyte differentiation can smooth the skin. Water-soluble whitening agent, easy to use. 	Whitening, Anti-spot.	0.1-0.5%	1kg/bag 25kg/barrel

Moisturizing & Repairing

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropPet® Period ONE	Glutamylamidoethyl Imidazole, Water, Phenoxyethanol, Sorbic Acid.	<ul style="list-style-type: none"> Effective activation of the rhythm gene Period ONE. Day and night repair, adjust the skin condition. Optimize skin physiological defense and activate cell regeneration. 	Night repair, Anti-wrinkle.	0.5-2%	1kg/bag 25kg/barrel
DropPet® Period ONE (0.1%)	Glutamylamidoethyl Imidazole, Aqua, Glycerin, Caprylyl Glycol, Ethylhexylglycerin			0.5-10%	
DropPet® GIL (1%) PF	Glutamylamidoethyl Imidazole, Aqua, Glycerin, Caprylyl Glycol, Ethylhexylglycerin			0.5-2%	
DropCare® LA	Lactobionic Acid	<ul style="list-style-type: none"> Derived from natural fermentation of lactose. Polyhydroxy bionic acid multi-effect repair. The third generation of fruit acid, gently exfoliate cutin, repair and moisturize the skin. 	Oil control, Fine pore, Antioxidant, Moisturize, Anti-aging.	0.5-10.0%	25kg/barrel
DropCare® ECT	Ectoine	<ul style="list-style-type: none"> An amino acid derivative derived from biological fermentation. High intracellular tolerance, good thermostability and hydrophilic. Protect cells, hair follicle anti-aging, anti & alleviate inflammatory. Inhibits protein' carbonylation, promotes collagen' synthesis. 	Long-lasting hydrating, Sun block, Anti-blue-ray, Anti & alleviate inflammatory, Restore.	0.2-3.0%	1kg/bag 25kg/barrel
DropBio® 3D Lubrigel	Bacillus/Soybean Ferment Extract, Butylene Glycol, Aqua, 1,2-Hexanediol.	<ul style="list-style-type: none"> Its three-dimensional structure forms an invisible breathable protective film to resist external pollution and stimulation. Quick repair of skin barrier, long-term moisturizing. Its superlarge molecules can effectively inhibit scar formation. 	Moisturizing, Repair, Inhibits cicatrices.	Daily moisturizing care products: 0.5-3%, Facial masks & repair products: 3-5%, Hair care and scalp care: 0.5-5%.	25kg/barrel
DropCare® ATP	Adenosine	<ul style="list-style-type: none"> It helps the wound heal. It can help strengthen and repair barrier protection. It can help reduce wrinkles and improve skin smoothness. It can help prevent hair loss and help hair growth and strengthening. It can help boost cellular energy. 	Anti-aging, Anti-wrinkle, Anti-inflammatory, Prevent hair loss.	0.5-4%	1kg/bag 25kg/barrel
DropCare® VB12	Cyanocobalamin	<ul style="list-style-type: none"> Effectively inhibits inflammatory factors, soothes skin discomfort and reduces inflammation. Vitamin B12 is involved in protein synthesis and smooths the skin and reduces the appearance of fine lines. Protects damaged skin against UV damage and helps skin repair quickly. 	Moisturize, Repair, Anti-inflammatory.	0.0005-0.01%	10g/bottle 100g/bag
DropCare® VB12 (0.1%)	Cyanocobalamin, Maltodextrin,			0.05-10%	5kg/bag
DropCare® VB12 (1%)	Sodium Citrate, Citric Acid			0.005-1%	5kg/bag

Natural fermentation

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropBotatur® BTF	Saccharomyces/Xylinum/Black Tea Ferment	<ul style="list-style-type: none"> Combination of natural tea polyphenols and probiotics, 72 hours probiotics pure, deep compound fermentation. Improve the facial microenvironment Outstanding antioxidant capacity, improve skin immunity. 	Antioxidant, Repair, Lighten skin.	0.5-10%	25kg/bucket
DropCare® GA	Galactomyces Ferment Filtrate	<ul style="list-style-type: none"> Made by natural yeast galactose-like fermentation and extraction, it improves skin quality and brightens skin tone. Promote renewal, repair and anti-aging. Anti-inflammation, oil control, anti-pox. 	Whitening, Anti-acne, Anti-wrinkle.	Daily moisturizing conditioning: 0.5-3%, Acne skin care: 3-5%, Lighten skin: 5-10%, Anti-aging: 10-30%.	25kg/bucket
DropBio® Soph L	Glycolipids, Aqua, 1,2-Hexanediol, Ethylhexylglycerin	<ul style="list-style-type: none"> It can play the role of dispersion, wetting, water retention, lubrication and emulsification, and is a mild surfactant. It has a milder bactericidal effect and can effectively inhibit P. acnes and Corynebacterium lactis. 	Emulsify, Clean, Antibacterial.	0.5-5%	25kg/bucket
DropBio® Soph L 50	Glycolipids, Aqua	<ul style="list-style-type: none"> It has anti-inflammatory activity and reduces the release of inflammatory cytokines. It can inhibit the activity of lipase and prevent the breakdown of sebum and the production of free fatty acids. 			

Beauty Peptide

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropPet® LC	Carnosine	<ul style="list-style-type: none"> Potent double resistant peptide, antioxidant, anti-glycation. Protective proteins prevent oxidative stress damage. Radiant Resilience. 	Antioxidant, Antioxidant, Tightness.	0.1-2%	1kg/bag 5kg/bag 15kg/bag
DropPet® AHP8P	Acetyl Hexapeptide-8	<ul style="list-style-type: none"> It's a kind of neurotransmitters inhibiting peptide that inhibiting the synthesis of SNARE receptor. It can smooth dynamic, static and fine lines, also it can effectively recombine collagen' elasticity and increases the activity of elastic protein. It's a very reliable safe alternative of Botulinum Toxin. 	Anti-wrinkle, Anti-aging.	0.005-0.05%	10g/bottle 100g/bottle 500g/bottle
DropPet® DKEP	Dipeptide Diaminobutyryl Benzylamide Diacetate	<ul style="list-style-type: none"> A neurotransmitters inhibiting peptide. A reversible antagonist agent for muscle nicotinic acetylcholine receptor (mnAChR). Blocks the transmission of nerve signals on acetylcholine receptors, so as to relax false wrinkles in a timely and long-lasting manner. Simulates waglerin-1' activity, which is a peptide found in the venom of tropidolaemus wagleri. Especially suitable for local care of smoothing facial lines. 	Anti-wrinkle, Anti-aging.	0.005-0.5%	10g/bottle 100g/bottle 500g/bottle
DropPet® ATP5P	Acetyl Tetrapeptide-5	<ul style="list-style-type: none"> It can inhibit the permeability of capillaries and reduce the water accumulation of eye bags. It inhibits the activity of ACE enzyme, it means that so that it can cope with eye bags by improving blood circulation through the antihypertensive effect. It can be used to indirectly inhibit the formation of eye bags as working as a glycosylation inhibitor. 	Eye-bags removal, Edema removal, Anti-wrinkle.	0.005-0.05%	10g/bottle 100g/bottle 500g/bottle
DropPet® TR-1P	Tetrapeptide-1	<ul style="list-style-type: none"> It is a small molecule active peptide with good transdermal absorption effect. It can promote the gene expression of type I collagen and type III collagen. It can effectively remove wrinkles and improve skin elasticity. 	Antioxidant, Anti-aging.	0.00001-0.001%	10g/bottle 100g/bottle 500g/bottle

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropPet® AgeS	Acetyl hexapeptide-8, Palmitoyl Pentapeptide-4, Glycerin, Aqua, 1,2-Hexanediol.	<ul style="list-style-type: none"> Good solubility, it's suitable for various systems. It can help reducing the amount of expression lines, prominent nasolabial folds, forehead wrinkles, crow's-feet, and so more other existed wrinkles by multiple effects. Without any preservatives, it is suitable for mild formulas. 	Suppressed expression pattern, Fade wrinkles.	1-5%	1kg/bottle 5kg/barrel 25kg/barrel
DropPet® ALP	Arginine/Lysine Polypeptide	<ul style="list-style-type: none"> It can assist smoothing wrinkles in a short time. It can smooth the expression lines without paralyzing the muscle. Don't worry about the lines, just smile. It is mild, non-irritating, stable and easy to use. 	Quick-acting expression print, Firming skin, Reduce wrinkles.	5-200ppm	10g/bottle 100g/bottle 500g/bottle
DropPet® GHK1 (0.1%)	Tripeptide-1, Glycerin, Trehalose, Caprylyl Glycol, Ethylhexylglycerin, Aqua	<ul style="list-style-type: none"> Oligopeptide-1 is one kind of signal peptide, which can inhibit the carbonylating of collagen. It stimulates the production of ECM proteins (collagen I and III, fibronectin, elastin and laminin), thus tightens the skin and promotes the renewal and healing of skin tissues. Effectively reduces the amount of wrinkles, acnes and wounds, smooth the skin. 	Anti-wrinkle, Restoration.	Daily care: 0.5-2%, Advanced care: 2-5%.	1kg/bottle 5kg/barrel 25kg/barrel
DropPet® APA	Acetyl Tetrapeptide-5, Palmitoyl Pentapeptide-4, Aqua, Acetyl Hexapeptide-8, Polysorbate 20, 1,2-Hexydicol	<ul style="list-style-type: none"> It helps to reduce the edema and tighten the skin around eye-side. 	Eye tightness, Edema removal.	Daily care: 1-3%, Advanced care: 3-5%.	1kg/bottle 5kg/barrel 25kg/barrel
DropPet® P650	Acetyl Hexapeptide-8, Palmitoyl Pentapeptide-4, Palmitoyl Tetrapeptide-7, Aqua, Phenoxyethanol, Ethylhexylglycerin.	<ul style="list-style-type: none"> Promotes the production of collagen. Inhibits expression lines' forming, smooth fine lines quickly. Smooth wrinkles in different skin texture levels, firming skin, makes it younger. 	Anti-wrinkle, Tightness.	Daily care: 1-3%, Advanced care: 3-5%.	1kg/bottle 5kg/barrel 25kg/barrel
DropPet® Eyelid T	Acetyl Tetrapeptide-5, Sclerotium extract of poria cocos, Butylene Glycol, Aqua, Dipeptide-2.	<ul style="list-style-type: none"> Effectively decrease the numbers of the wrinkles around eyes. Effectively reduce the eye edema and eye bags caused by tiredness and aging. Firm and increase the elasticity of the skin. 	Eye-bags removal, Edema removal, Firming, Anti-wrinkle.	2-5%	1kg/bottle 5kg/barrel 25kg/barrel
DropPet® M3000	Palmitoyl tripeptide-1, Palmitoyl tetrapeptide-7, water, Glycol.	<ul style="list-style-type: none"> Promotes the production of collagen; Effectively smooth prominent nasolabial folds, forehead wrinkles, and other kind of deep skin lines. 	Anti-wrinkle, Tightness.	3-10%	1kg/bottle 5kg/barrel 25kg/barrel
DropPet® LipS Hot	Palmitoyl Tripeptide-1, Ethylhexyl Palmitate, Tribehenin, Sorbitan Stearate, Vanillyl Butyl Ether	<ul style="list-style-type: none"> Reduce lip wrinkles and moisturize your lips. Promote lip blood circulation, heat sense is obvious. Enrich and moisturize your lips to make them fuller. 	Lip plump.	0.5-3%	1kg/bottle 5kg/barrel 25kg/barrel
DropPet® ElaS	Glycerin, Aqua, Polysorbate 20, Tripeptide-1, Hexapeptide-9, Palmitoyl Tripeptide-1, Palmitoyl Tripeptide-5, Palmitoyl Tetrapeptide-7, Palmitoyl Pentapeptide-4	<ul style="list-style-type: none"> A variety of active peptides promote the production of collagen, elastin, polysaccharides and other substances secreted by fibroblasts from multiple pathways and different targets. Maintain the structure of the dermis, repair the basement membrane, and promote keratin synthesis and enhance the regeneration ability of the epidermis. Intensely repairs the skin, improves skin quality (including roughness, firmness, softness, etc.), and long-lasting anti-aging. 	Firming skin, Anti-wrinkle, Repair.	0.1-5%	1kg/bottle 5kg/barrel 25kg/barrel
DropPet® Crystal	Aqua, Pentylen Glycol, 1, 2-Hexadiol, Nonapeptide-1, Decarboxy Carnosine HCL.	<ul style="list-style-type: none"> Multi-channel improves the production of melanin in the skin, removes the dull yellow caused by glycation, and makes the skin supple and fair. Prevents gene expression during melanin formation and reduces melanin production. It can scavenge free radicals and resist glycation reactions. 	Skin whitening, Antioxidant, Anti-glycosylation.	0.1-5%	1kg/bottle 5kg/barrel 25kg/barrel

Acne Care & Oil Control

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropCare® AZE	Azelaic Acid	<ul style="list-style-type: none"> · An effective tyrosinase inhibitors. · It is gentle to exfoliate so as to prevent hyperkeratosis of hair follicles. Also it can prevent and suppress whiteheads and blackheads. · Inhibits the proliferation of abnormal melanocytes and melanoma cells. · Effectively reduces the occurrence of skin pigmentation, also works well at improving them. 	Oil Control, Acne Care, Brightening.	Daily Care:1-5%, Advance Care: 5-10%, Special Care: 15-20%.	1kg/bag 25kg/barrel
DropCare® QA-73	Quaternium-73	<ul style="list-style-type: none"> · Advanced sterilization, can be synergistic anti-corrosion. · Effectively inhibits Propionibacterium Acnes and removes acnes. · Advanced inhibition of melanin formation, effectively removes pockmarks. 	Acne & Acne Scar Removal.	0.001-0.005%	1kg/bag 25kg/barrel
DropCare® SA	Salicylic Acid	<ul style="list-style-type: none"> · Small molecule acid with strong osmotic force. · Improves the phenomenon of pigment deposition and photoaging. 	Oil Control, Acne Care.	0.1-2.0%	1kg/bag 25kg/barrel
DropCare® 3D-SA	Salicylic Acid, Acacia Senegal Gum	<ul style="list-style-type: none"> · Exfoliates, removes blackheads, shrinks pores and reduces sebum secretion. · Non-irritating, safe and burden-free to the skin. · Water-soluble, making it easy to add to different formulations. 	Oil Control, Acne Care.	0.5-4%	1kg/bag 25kg/barrel
DropBotatur® Salix	Salix Alba (Willow) Bark Extract	<ul style="list-style-type: none"> · Natural source, extracted from the bark of the white willow tree, also known as "natural salicylic acid". · White willow bark has similar properties to salicylic acid and acetylsalicylic acid, which inhibits P. acnes, is less irritating and milder. · Removes acne scars and improves skin "acne skin" problems. 	Oil Control, Acne Care.	0.1-2%	1kg/bag 25kg/barrel
DropCare® AZE 60	Azelaic Acid, Hydroxypropyl Cyclodextrin, Methyl Cyclodextrin, Acacia Senegal Gum, Maltodextrin, Disodium	<ul style="list-style-type: none"> · An effective tyrosinase inhibitors. · It is gentle to exfoliate so as to prevent hyperkeratosis of hair follicles. Also it can prevent and suppress whiteheads and blackheads. 	Oil control, acne care, brightening	1-20%	1kg/bag 25kg/barrel

HEALTH

Hair & Scalp Care

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropCare® OCT	Piroctone Olamine	<ul style="list-style-type: none"> Effectively inhibits Malassezia. Antidandruff, anti-pruritic, anti-inflammatory and remove acne. Safe, mild, and non-irritating. Can be used in transparent formulations without suspensions. 	Anti-dandruff, Anti-pruritic, Anti-inflammation, Anti-septic.	Anti-dandruff shampoo: 0.2-0.8%, Anti-dandruff conditioner: 0.1-0.3%, Shower gel: 0.2-0.5%, Preservative: 0.2-0.5%, Deodorant: 0.2-0.5%.	25kg/barrel
DropCare® DA24	Dichlorobenzyl Alcohol	<ul style="list-style-type: none"> Excellent antifungal effect, anti-dandruff, and anti-pruritic. Antihistamine and anti-inflammatory. Mild, with good compatibility. 	Anti-dandruff, Anti-pruritic, Antiseptic, Broad-spectrum sterilization.	Antidandruff: 0.2-0.5%, Oral Care: 0.05-0.15%, Preservative: 0.05-0.15%	25kg/barrel
DropCare® PDO	Pyrrolidinyl Diaminopyrimidine Oxide	<ul style="list-style-type: none"> Similar in structure to minoxidil, both are effective anti-germinal agents. By improving the blood circulation on the skin surface, it provides the required nutrition for the hair root, thus achieving the effect of inhibiting hair shedding and promoting hair growth. 	Thread-off proof, Hair growth.	Anti-defixation: 0.5-2%, Potent dosage: 2-5%.	1 kg/bag 25kg/barrel
DropPet® H Growth	Biotinoyl Tripeptide-1, Apigenin, Oleanolic Acid, Butylene Glycol, Aqua, PEG-26-Buteth-26, PEG-40 Hydrogenated Castor Oil	<ul style="list-style-type: none"> It contributes to the maintenance of extracellular matrices such as collagen IV and laminin V, and stimulates the synthesis and stabilization of ECM proteins such as collagen IV and laminin 5. Delay the aging of hair follicles, improve the structure of hair follicles, fix hair in dermal hair follicles, and promote the fixation of hair in dermal hair follicles. Biotinoyl Tripeptide-1 also activates tissue repair gene expression, promotes cell proliferation and differentiation, and stimulates hair growth. 	Hair growth.	0.1-3%	1kg/bottle 5kg/barrel 25kg/barrel
DropPet® H Grow02	Acetyl Tetrapeptide-3, Trifolium Pratense (Clover) Flower Extract, Dextran, Butylene Glycol, Aqua	<ul style="list-style-type: none"> It can accelerate the formation of outer matrix (ECM) proteins, such as cohesin, collagen III and VII, etc., thereby effectively improving the structure of hair follicles and improving hair loss. 	Hair growth.	0.1-3%	1kg/bottle 5kg/barrel 25kg/barrel
DropCare® HMD	Hexamidine Diisethionate	<ul style="list-style-type: none"> New biocides. Broad-spectrum antibacterial properties, strong inhibition and killing ability against Malassezia. 	Anti-dandruff, Hair care.	0.036-0.1%	5kg/bag 25kg/barrel

Hydrolyzed Protein

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropCare® CP	Hydrolyzed Collagen	<ul style="list-style-type: none"> Collagen hydrolysate, small molecular weight, easy to absorb, effectively repair skin damage. Promote collagen synthesis, enhance skin firmness and elasticity. Repair damaged hair, reduce hair split and rough. 	Tightness, Hair care, Repair.	0.5-3%	5kg/bag 10kg/bag
DropCare® HWP	Hydrolyzed Wheat Protein	<ul style="list-style-type: none"> Natural grain small molecule protein, safe and non-irritating; Natural grain small molecule protein, safe and non-irritating. Rich in VE, VB1, small molecule amino acids, etc., long lasting moisturizing skin. With positive charge, it can absorb hair surface, reduce static electricity, enhance carding and gloss. 	Moisturize, Hair care, Anti-wrinkle.	0.1-1%	5kg/bag 10kg/bag
DropCare® Hydr KP	Hydrolyzed Keratin	<ul style="list-style-type: none"> Keratin hydrolysate, rich in micromolecule peptides, easy to absorb, improve skin elasticity. 	Moisturize, Hair care, Anti-wrinkle.	0.1-1%	1kg/bag 25kg/bucket
DropCare® Hydr KPL(PF)	Hydrolyzed Keratin, Aqua, Butylene Glycol, Caprylyl Glycol, Ethylhexylglycerin	<ul style="list-style-type: none"> Enhance cuticle moisture retention. Repair perm and dye hair, increase the content of cysteine in hair, increase gloss. 	Moisturize, Hair care, Anti-wrinkle.	0.5-5%	1kg/bottle 25kg/bucket
DropCare® Hydr EL	Hydrolyzed Elastin, Aqua, Citric Acid, Sodium Benzoate	<ul style="list-style-type: none"> Effectively increase skin flexibility, improve skin elasticity. Repair hair for silky shine. 	Moisturize, Hair care, Anti-wrinkle.	1-10%	1kg/bottle 25kg/bucket
DropCare® Hydr HS	Hydrolyzed Silk, Aqua, Citric Acid, Sodium Benzoate.	<ul style="list-style-type: none"> Silk contains a variety of amino acids and proteins, which are better absorbed by skin after hydrolysis. Promote the secretion of collagen, enhance skin tension and elasticity. 	Moisturize, Anti-wrinkle	0.5-5%	1kg/bottle 25kg/bucket
DropCare® Pearl H	Hydrolyzed Pearl	<ul style="list-style-type: none"> Rich in a variety of amino acids, trace elements, vitamins, etc. Inhibit the activity of tyrosinase, whitening and fade spots. Increase skin elasticity and reduce wrinkles. 	Moisturize, Anti-wrinkle, Whitening.	0.5-5%	25kg/bucket

Plant/Herbal Extract

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropBotatur® Ginseng S	Panax Ginseng Extract, Poria Cocos Sclerotium Extract, Glycyrrhiza Uralensis Root Extract, Carthamus Tinctorius Extract, Butylene Glycol	<ul style="list-style-type: none"> Panax Ginseng Extract is against with aging and wrinkles. Poria Cocos Sclerotium Extract hydrate and tighten skin. Carthamus Tinctorius Extract improves skin metabolic cycle. Glycyrrhiza Uralensis Root Extract as the emperor and minister of traditional Chinese medicine can make the active ingredients better absorbed by the skin. 	Anti-wrinkle, Brightening.	3-5%	1kg/bottle 5kg/barrel 25kg/barrel
DropBotatur® Algae S	Phyllanthus Fibrosa Extract, Trifolium Pratense (Clover) Extract, Hydroxypropyl Cyclodextrin, Aqua, Glycerin, Caprylyl Glycol, Ethylhexylglycerin	<ul style="list-style-type: none"> Invention patent technology products. Contains a combination of patented custom molecular weight technology brown algae extract and red clover extract rich in plant isoflavones to effectively fight skin problems caused by aging and brighten the complexion. The expression of collagen COL1 and elastin genes was significantly up-regulated, and the expression of collagen-degrading enzyme MMP1 gene was down-regulated. Promotes hyaluronic acid and type III collagen production. 	Lighten and firm the skin, Anti-aging.	0.1-2%	1 kg/bottle 5 kg/barrel 25 kg/barrel
DropBotatur® Algae	Phyllanthus Fibrosa Extract, Maltodextrin.	<ul style="list-style-type: none"> Invention patent technology products. Effective anti-aging and moisturizing. The index of natural origin is 1. Good water solubility and good compatibility. 	Firming, Anti-aging.	0.5-3%	1 kg/bottle 25 kg/barrel
DropCare® Bamboo C3	Charcoal Powder	<ul style="list-style-type: none"> Natural, safe and environmentally friendly. Comes from moso bamboo high temperature charcoal burning and then pulverizing. Replace microplastic particles. Protect ecological balance. Unique multi-aperture physical structure. Adsorb oil, odor, 	Cleaning, Coloring, Grinding	0.5-5%	1kg/bag 25kg/barrel
DropCare® Bamboo C02					
DropCare® Bamboo C60					
DropBotatur® Sensi RV	Paeonia Suffruticosa Root Bark Extract, Gentiana Macrophylla Extract, Propanediol, Dipropylene Glycol	<ul style="list-style-type: none"> Natural plant extracts, safe and low irritation. Anti-inflammatory, soothing, repairing skin redness and irritation. Water-soluble plant-based raw material for easier use. 	Soothing, Anti-inflammatory.	0.1-3%	1 kg/bottle 5 kg/barrel 25 kg/barrel

Preservative

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropPrev® N-PLG (Natural corn cob source)	Pentylene Glycol	<ul style="list-style-type: none"> Safe and reliable additive-free anti-corrosion. Good moisturizing and solubilizing ability. Increased water resistance in sunscreen products. It has a co-emulsifying function. Odorless preservative. 	Antiseptic, Moisturizing, Improving solubility, Emulsify, Assisting.	Cream and lotion: 2.0%, Water agent product: 2.5-5.0%, Sunscreen: 1.5-2.0%.	15kg/barrel
DropPrev® PLG (Synthetic source)					
DropPrev® HDL	1,2-Hexanediol	<ul style="list-style-type: none"> Safe and reliable additive-free anti-corrosion. Good emollients, moisturizers, fixatives, water and oil amphiphiles. Helps reduce surface tension at the oil-water interface. Odorless preservative. 	Preservative, Hydrating, Moisturize, Fragrance Fixative.	Cream and emulsion: 2.0%, Water agent product: 2.5-3.0%, Sunscreen: 1.5-2.0%.	15kg/barrel
DropPrev® CHA	Caprylhydroxamic Acid	<ul style="list-style-type: none"> An ideal organic acid inhibitor that maintains an unionized state. Optimum carbon chain length (C8) for promoting degradation of cell membrane structures. Chelate iron ions selectively; an inhibitor of mycotic growth. 	Chelate, Antimycotic , Antiseptic.	0.05-0.15%	1kg/bag 25kg/barrel
DropPrev® MPB	o-Cymen-5-ol	<ul style="list-style-type: none"> Accord with the standard of Japanese Pharmacopeia. Good bactericidal properties for dental plaque. Safe and reliable. 	Antiseptic, Antibacterial.	0.01-0.1%	1kg/bag 25kg/barrel
DropPrev® MPB10	o-Cymen-5-ol, Isopentyl diol, PEG-40 hydrogenated castor oil, PPG-26-buteth-26			0.1-1%	1kg/bottle 5kg/barrel 25kg/barrel
DropPrev® HAP	Hydroxyacetophenone	<ul style="list-style-type: none"> A new mild non-irritating preservative, antiseptic in a broad spectrum. Anti-oxidative, alleviate and soothe function. pH value: 4-8, stable below 80°C. Suitable for formulations without additives. 	Antiseptic, Anti-oxidant.	0.1-0.5%	25kg/barrel
DropPrev® EHG	Ethylhexylglycerin	<ul style="list-style-type: none"> Moisturize and hydrate, improve use feeling. Traditional synergistic agent for preservatives. Promotes and fixes the fragrance of essence. 	Collaborative Preservation, Moisturize, Fixes the fragrance.	0.3-1.0%	25kg/barrel
DropPrev® CPG	Caprylyl Glycol	<ul style="list-style-type: none"> Broad-spectrum anti-bacterial mild preservative without no additive; Compatible with most ingredients, PH value use range is wide; Excellent moisturizing effects. 	Moisturize, Preservative, Hydrating.	Preservative synergist: 0.2-0.5%, Moisturizer: 0.5-10%.	25kg/barrel
DropPrev® CHL 02	Caprylhydroxamic Acid, 1,2-hexanediol, 1,3-propanediol.	<ul style="list-style-type: none"> Broad-spectrum antibacterial. Mild, no irritation, no fever. Good solubility in water. Easy to use, Both cold and hot, and good thermal stability. 	Antiseptic, Antibacterial.	1-1.2%	25kg/barrel
DropPrev® PE91	Phenoxyethanol, Ethylhexylglycerin	<ul style="list-style-type: none"> Broad-spectrum antibacterial. Good safety, good water solubility. 	Antiseptic, Antibacterial.	0.1-1%	25kg/barrel
DropPrev® EC10	Caprylyl glycol, Ethylhexylglycerin	<ul style="list-style-type: none"> Broad spectrum antibacterial, strong antibacterial activity. No anti-corrosion claims, high safety. Water soluble below 0.5%. 	Antiseptic, Antibacterial.	0.5-1%	25kg/barrel

Emulsifier

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropCare® CG68	Cetearyl Glucoside, Cetearyl Alcohol	<ul style="list-style-type: none"> Non-ion emulsifiers derived from natural plants, EO free; Unique liquid crystalline emulsified structure; Safe and non-irritating, can be fully biodegraded. 	Emulsify, Hydrating.	Main emulsifier: 3.0-5.0%, Co-emulsifier: 1.0-3.0%.	20kg/barrel
DropCare® Sucro S160	Sucrose Stearate	<ul style="list-style-type: none"> The HLB value is 16. Oil-in-water system, non-PEG emulsifier. It is especially suitable for low viscosity formulations. Suitable for sunscreen systems with high SPF values. Excellent biodegradability, non-irritating to the eyes and skin. 	Emulsify, Hydrating.	0.5-5%	1kg/bag 25kg/barrel
DropCare® HS-15	PEG-15 Hydroxystearate	<ul style="list-style-type: none"> It is a nonionic-solubilizer and emulsifying agent obtained by reacting 15 moles of ethylene oxide with 1 mole of 12-hydroxy stearic acid. The hydrophilic-lipophilic balance lies between 14-16. The critical micelle concentration(CMC) lies between 0.005% and 0.02%. 	Emulsify, Hydrating.	0.5-10%	20kg/barrel

Self-tanning

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropBio® DHA	Dihydroxyacetone	<ul style="list-style-type: none"> Microbial fermentation, high safety. It works directly with the skin to produce pigment that gives a natural, healthy tan, protecting the skin from the damage caused by sun exposure. Color fast, deep, and avoid the risk of UV sunburn for a healthy dark brown complexion. 	Tanning agent, Sun-screening agent.	0.5-5%	1kg/bag 25kg/barrel
DropBio® DHB	Erythrulose	<ul style="list-style-type: none"> Microbial fermentation, friendly and safe for skin and environment. gives the skin a more natural, even, and long-lasting color. No strong drying reaction, no odor, no irritation. 	Tanning agent, Sun-screening agent.	0.5-10%	1kg/bottle 25kg/barrel
DropBio® DHA Oils (30%)	Dihydroxyacetone, PEG-8 Caprylic/Capric Glycerides, Octyldodeceth-25, Aqua, PEG-40 Hydrogenated Castor Oil, PEG-26-Buteth-26	<ul style="list-style-type: none"> Oil dispersion, can make oil base formula. High content version, good stability. 	Tanning agent, Sun-screening agent.	5-20%	1kg/bottle 25kg/barrel
DropBio® Selftan 50	Dihydroxyacetone, Erythrulose, Aqua, Hippophae Rhamnoides Extract.	<ul style="list-style-type: none"> Comprehensive scheme, color more uniform. Prevent light damage, repair skin. 	Tanning agent, Sun-screening agent.	5-20%	1kg/bottle 25kg/barrel

Others

Trade Name	INCI Name	Properties	Efficacy	Dosage	Package
DropCare® VBE	Vanillyl Butyl Ether	<ul style="list-style-type: none"> Very safe food grade raw materials; Long lasting thermal effects on the skin; A small amount of heat agent added in cold agent can improve the cold feelings on the skin. 	Heat agent, Steady the fragrance.	Cream, lotion, facials, toothpastes: 0.1-0.3%, Slimming massage-oil: 0.3-0.5%, Eyes care: 0.1-0.2%.	1kg/bottle
DropCare® L-AGE	Arginine	<ul style="list-style-type: none"> High purity, odorless. Alkaline amino acids, adjust the pH value of the formula, can also be used in hair dye products, more safe. Moisturize the skin and prevent dandruff. 	Moisturize.	0.05-1%	25kg/barrel
DropCare® Trom	Tromethamine	<ul style="list-style-type: none"> High purity, odorless. Amino buffer base can adjust the pH of the system. 	Adjust pH.	0.05-1%	25kg/barrel
