Dr.Melaxin

Dr.Melaxin, Providing Customized Solutions for Aging Skin

Dr.Melaxin is a derma cosmetics brand that takes a scientific and innovative approach to providing solutions for various skin types and concerns. The name "Melaxin" is derived from the words "medicine" and "vaccine."

Our products not only treat existing skin problems but also help prevent them from occurring, similar to the function of vaccines. Our team views skin troubles not merely as cosmetic flaws but as challenges to be addressed for overall health and well-being.

The Three Principles

[Slow Aging + Healthy Skin + Visible Improvement]

We don’t just create cosmetics; we develop targeted solutions.

Our team focuses on addressing the root causes of skin concerns rather than merely covering up the symptoms. Through in-depth research, we identify underlying issues and offer treatments that promote healthy skin instead of quick fixes.

Dr.Melaxin

Slow Aging Philosophy

Solutions for different causes of skin aging

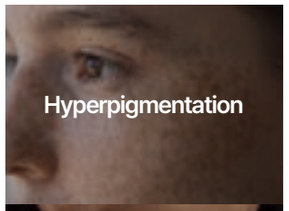

Despite the countless factors that cause skin aging, our team noticed a lack of anti-aging products in the cosmetics market. In addition, most products aren’t tailored for different skin types.

The core philosophy of the brand Dr.Melaxin is to reverse skin aging by identifying the root causes according to skin type and providing customized solutions for aging skin issues through daily use of our products, without causing irritation.

Product Line-up

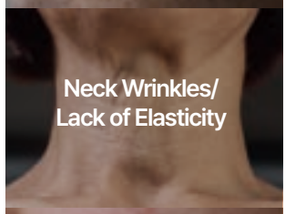

Slow Aging Solutions

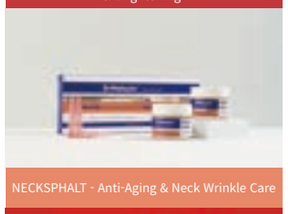

ASTAXANTHIN[RX]

Cause: UV exposure
Prevention: High-intensity antioxidants
Targeted areas: Skin with melasma

NECKSPHALT[NX]

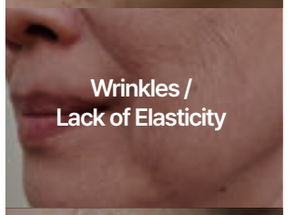

Cause: Loss of elasticity, decreased thickness
Prevention: ECM-5
Targeted areas: Neck, décolleté area(neckline)

EXOSOME[EX]

Cause: Hormonal imbalance
Prevention: Cica-Exosome
Targeted areas: Pigmented, blemish area

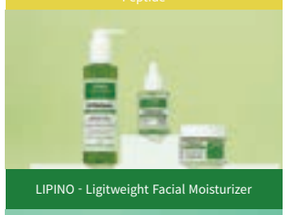

OYSTER

Cause: Skin aging
Prevention: Zinc absorption and regeneration
Targeted areas: Areas lacking elasticity

LIPINO[FX]

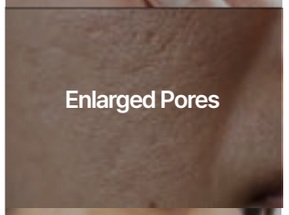

Cause: Sebum imbalance, acne bacteria
Prevention: Fatty acid-free care
Targeted areas: Excessive sebum & oily area

CICAPYRIN[CP]

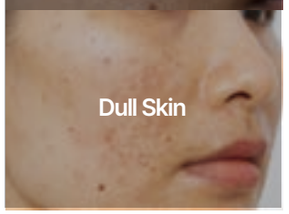

Cause: Overexposure to heat leads to heat-aging skin
Prevention: PCM capsules regulate and soothe skin temperature
Targeted areas: Relief for heat-stressed and irritated skin

BP[BS]

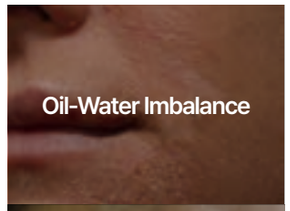

Cause: Sebum secretion imbalance
Prevention: Micro-spicule care
Targeted areas: Enlarged pores

TX

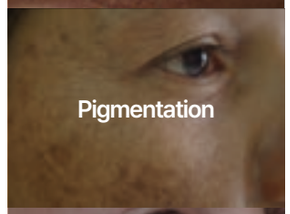

Cause: UV Exposure
Prevention: Tranexamic acid (TX)
Targeted areas: Dull skin

AQUA ION PLASMA[IW]

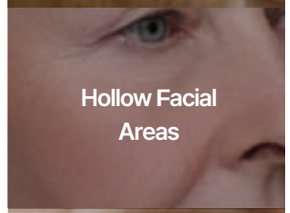

Cause: Dehydration
Prevention: Moisturizing and lipid care (L22)
Targeted areas: Dry skin

PICOTONIC SHOT[CX]

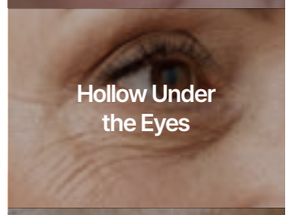

Cause: Excess melanin and UV exposure
Prevention: Help break down dark spots
Targeted areas: Eyes, cheeks, and face

CYANO PINK SPICULE[CX]

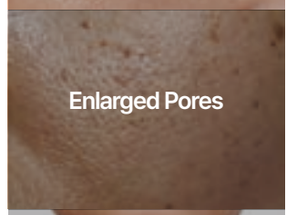

Cause: Skin density loss
Prevention: Pink Vitamin + Spicule Care
Targeted areas: All over the face

CEMENRETE[CX]

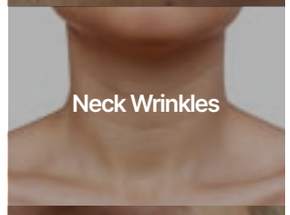

Cause: Decreased calcium concentration under eyes
Prevention: Balancing calcium around eyes
Targeted areas: Crow's feet and under-eye sagging

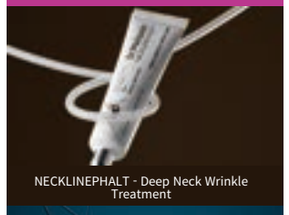

FACEPHALT[FP]

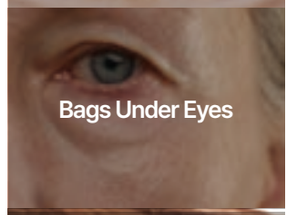

Cause: Loss of skin elasticity and firmness
Prevention: Improve pore appearance and skin volume
Targeted areas: Fine lines, Enlarged pores

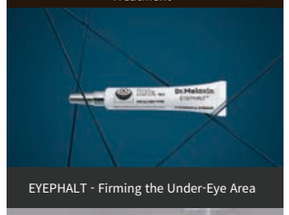

NECKLINEPHALT[NP]

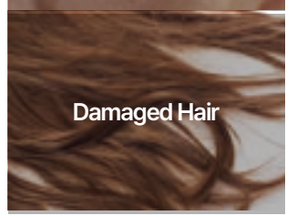

Cause: Age-related loss of collagen and elastin
Prevention: Strengthen elastic fibers and collagen
Targeted areas: Neck wrinkles

EYEPHALT[EP]

Cause: Loosened elastic bands around the eyes
Prevention: Regenerating EGF and tightening elastic bands
Targeted areas: Under-eye bags

BONDEX®

Cause: Hair bond weakening due to physical hair aging
Prevention: Hair bond restoration
Targeted areas: Damaged hair

CEMENRETE^{CX}

• LIFTING AND FIRMING EYE AREA

As we age, a deficiency in calcium concentration within the skin tissue around the eyes can lead to sagging and hollowing under the eyes.

The CEMENRETE LINE replenishes calcium levels, filling sunken eye bags from within the dermis, like concrete supporting sagging under-eye skin.

STEP 2 Cream 50ml

STEP 3 Multi Balm 9g

STEP 4 Eye Patch 72g / 60ea

STEP 5 Eye Cream 15g

EYEPHALT EP

• EYE BAG LIFTING
• WRINKLE CARE

A common sign of aging around the eyes is the sagging of under-eye fat due to gravity, which makes eye bags more prominent.

EYEPHALT is an instant fat-repositioning cream that tightens the elastic bands around the eyes, resulting in a smoother and firmer appearance.

Female in 50s / Lack of elasticity around the eyes

Female in 50s / Under eye wrinkles

Male in 50s / Sagging around the eyes

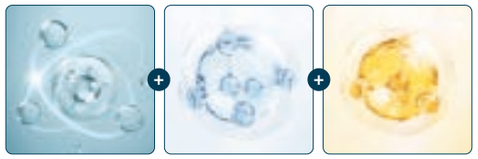

Male in 60s / Under eye bags

Female in 50s / Under eye bags

Female in 50s / Dark circles

Main Ingredients

Arbutin | Tranexamic Acid | Glutathione

Under-eye Dark Circles Solution featuring a Trio of Brightening Ingredients

A multi-cause solution for dark under-eye circles, containing arbutin to inhibit melanin formation and prevent the appearance of freckles or dark spots by enhancing in the process of improving skin tone and regulating melanin production.

How to use

1. About the size of rice → Approximately the size of a grain of rice.
2. After lightly applying to the under-eye area about 3-4 times, let it sit for about 2 minutes to dry.

For optimal results, it is recommended to use this cream once a day as part of your night-time routine.
For outdoor use, apply it and let it sit for 20 minutes, then wash it off before applying makeup.
Since it contains spicules, using it on dry skin may cause tingling; therefore, it is advisable to apply it after your basic skincare routine.

CYANO PINK SPICULE^{CX}

With Pink Spicules and calcium, this formula addresses the root causes of sagging and wrinkles (ECM)* effectively.

Target hollow facial areas with specialized skeletal care.
Spicule ingredients enhance absorption, even in thicker skin.
Combined with “Pink Vitamin” to boost bone density,
the innovative “Pink Spicule” delivers exceptional
results for facial hollowing.

Dr.Melaxin

Clinical Test Report

[7 types of facial hollowing]
Forehead, Glabella, Nasolabial Folds, Eye Area, Under-Eye, Cheeks, Chin

Calcium & Pink Spicule, The Solution for Facial Volume Loss

The only way of maximizing “Bone Structure” improvement beyond the simple effect range of increased absorption rate.

By combining "Pink Vitamin," which enhances bone density,
the innovative "Pink Spicule Ingredient" demonstrates
overwhelming improvement effects for overall facial hollowing.

*Human Application Test on Sagging skin in 7 areas(Forehead, Glabella, Nasolabial Folds, Eye Area, Under-Eye, Cheeks, Jawline with Dr.Melaxin CYANO PINK SPICULE
* Results may vary among individuals

Hyaluronic acid Spicule,
A Micro Spicule Smaller than pores

A new type of skincare ingredient which increases the absorption of effective components(REBONIC absorption).

#Skin turnover cycle improvement
#Improved absorption

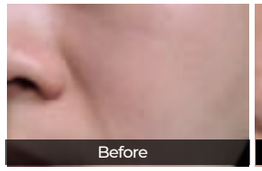

Cyanocobalamin(Vitamin B12),
A Pink Vitamin which Increase the Density of Bone Structure

With the supplement of Pink Vitamin, the density of Bone Structure rises and reaches for solid structure care.

ASTAXANTHIN RX

• ANTI-FRECKLES
• BRIGHTNING

Ultraviolet rays from the sun are the main cause of skin aging.

Prolonged exposure to UV light triggers the skin to produce melanin, which can result in the formation of dark spots. ASTAXANTHIN, derived from algae, provides an antioxidant effect that is 6,000 times more potent than Vitamin C, helping to improve the appearance of dark spots rapidly.

GUERANDE SEA SALT

Dead skin cells and excess sebum can easily clog pores, leading to the spread of bacteria and the development of acne. Exfoliating with a towel or cloth may further irritate the skin and damage its deeper layers.

GUERANDE SEA SALT, composed of mineral-rich sea salt and premium-grade olive oil, helps promote a smooth and even skin tone.

Dr.Melaxin

Clinical Test Report

TYPE 1 - Dark Amber and Vanilla 450g

TOP	Orange Fig Leaf
MIDDLE	Fig & Jasmine Orange Blossom
BASE	Cedarwood Patchouli Musk & Sandalwood

TYPE 2 - Coral Rose 450g

TOP	Lemon Spicy
MIDDLE	Rose & Jasmine Cycalmen
BASE	Musk Vanilla Patchouli

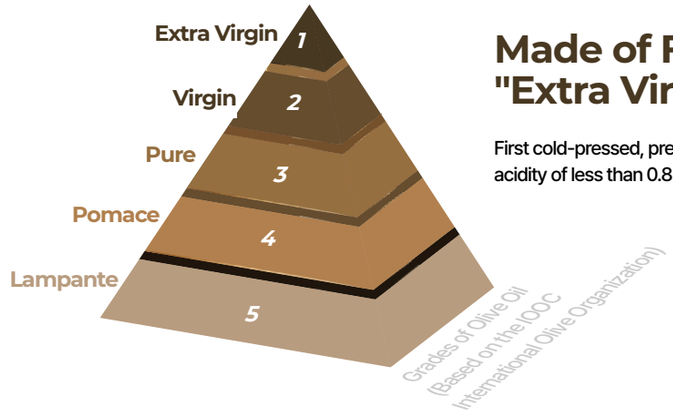

Osmotic Pressure & Micro-Thermal Waste Elimination

The high salinity of Guerande sea salt removes impurities through osmosis and creates an optimal condition for easy exfoliation.
Additionally, it helps expel waste with a subtle warming sensation, leaving the skin with a smooth texture

A mildly acidic peeling ingredient that minimizes irritation, making it suitable for sensitive skin

- **BHA** Dead skin exfoliation
- **PHA** Whitehead, Blackhead removal
- **LHA** Dead skin dissolution

Usage Tip

Made of French prime "Extra Virgin" olive oil

First cold-pressed, premium-grade olive oil with an acidity of less than 0.8%
