Coastal

The Flying Safari Company

From the humble beginnings and a single plane flying into Selous Game Reserve, we have grown to become the premier aviation company of Tanzania, pioneering new routes as we open up the country to air travel. As the common denominator between the quality tourism establishments, the resident communities, and private sector corporate charter clients of the region, Coastal Aviation plays a key role in the development of the country and its economy.

Coastal Aviation has been operating out of Dar es Salaam, Tanzania since 1987, strategically developing a far-reaching and extensive range of Air Private flights and scheduled flying safaris across the region.

Disclaimer: We no longer operate this aircraft.

PC-12

The Pilatus PC12 is a turboprop aircraft with jet-like flying abilities manufactured by Pilatus Aircraft Ltd, Switzerland. With Swiss precision and the finest craftsmanship Swiss, the PC12 has gained a reputation for its outstanding flexibility, performance, and safety records, becoming the aircraft of choice for many business people. It has the finesse and luxury of a private jet aircraft, but the rugged charm of being able to connect with remote and unpaved airstrips across Africa. Travel in speed, style, and comfort as you explore the almost unexplored.

C208

The workhorse of our fleet is the Cessna C208 Grand Caravan, a rugged turboprop aircraft that was almost designed to fly safely in the African bush. Built by the US-based Cessna Aircraft Company. The Caravan delivers exceptional performance, the "go-to" aircraft for both business and pleasure, suitable for both passenger transport and freight carriage. With a high payload capacity, big doors and cabin, fantastic visibility and powered by Pratt & Whitney engine, this is an excellent and versatile machine for any task.

AIRCRAFT SPECIFICATIONS

PC12

GENERAL CHARACTERISTICS

Capacity	8 pax executive , 9 pax commuter
Length	14.40 m (47 ft 3 in)
Wingspan	16.23 m (53 ft 3 in)
Height	4.26 m (14 ft 0 in)
Max takeoff weight	4,500 kg (9,921 lb)
Powerplant	Pratt&Whitney PT6, 895 kW (1200 hp)

PERFORMANCE

Cruise speed	445 km/h (276 mph)
Rate of climb	512 m/min (1,680 ft/min)
Service ceiling	9,150 m (30,000 ft)
Range	2,800 km (1,740 miles)

CABIN

Length	5.16 m (16.93 ft)
Height	1.47 m (4.82 ft)
Width	1.52 m (5.0 ft)
Volume	9.34 m ³ (330 ft ³)
Cargo Door	1.35x1.32 m (53x52 in)
Baggage Compartment	1.13 m ³ (40 ft ³)

AIRCRAFT SPECIFICATIONS

C208

GENERAL CHARACTERISTICS

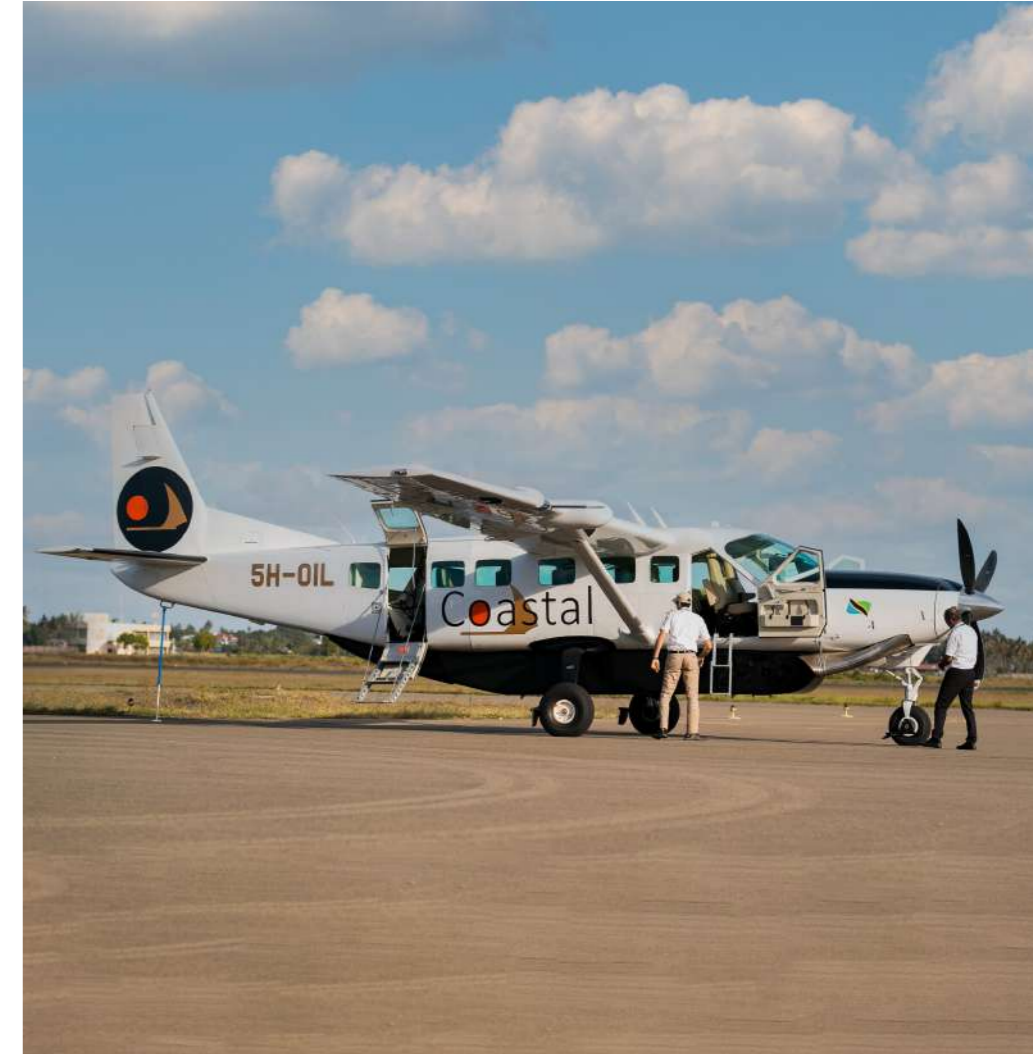

Capacity	12 pax
Length	12.67 m (41 ft 7 in)
Wingspan	15.88 m (52 ft 1 in)
Height	4.32 m (14 ft 2 in)
Max takeoff weight	4,110 kg (9,062 lb)
Powerplant	Pratt&Whitney PT6, 505 kW (677 hp)

PERFORMANCE

Cruise speed	278 km/h (173 mph)
Rate of climb	235 m/min (770 ft/min)
Service ceiling	4,785 m (15,700 ft)
Range	2,000 km (1,243 miles) with max fuel & reserves

CABIN

Length	5.1 m (16.7 ft)
Height	1.3 m (4.3 ft)
Width	1.6 m (5.2 ft)
Volume	9.6 m ³ (340 ft ³)
Cargo Pod Door	36 cm x 68 cm (14.5 in x 27 in)
Baggage Compartment	1.13 m ³ (40 ft ³)

WONDERS OF AFRICA

A private charter affords exclusivity independent of the constraints of scheduled flights. This is best suited to those who are traveling as family groups; independent groups or clients who revere their personal space and privacy.

The destinations and routes of a private charter are entirely customizable in the sense that Coastal can fly you to any destination you wish – out with those of our scheduled timetable; and out with Tanzania. 50% of our charter services are international flights.

A private charter serves well to link and marry far-flung destinations in an itinerary seamlessly.

PRIVATE CHARTER FLIGHT

Private Flights are the most convenient way to explore and live in Africa, privately and directly to your destination.

A private flight is a flight tailored to the client's needs. The service is fully custom made: routing, date, time, and all features of the service can be designed so to travel most efficiently and enjoyably.

Private charter flights can reach any destination, breaking free of the limitations set by scheduled commercial flights. Get in touch with our team to tailor your Private Flights experience.

AN AUTHENTIC EXECUTIVE JOURNEY

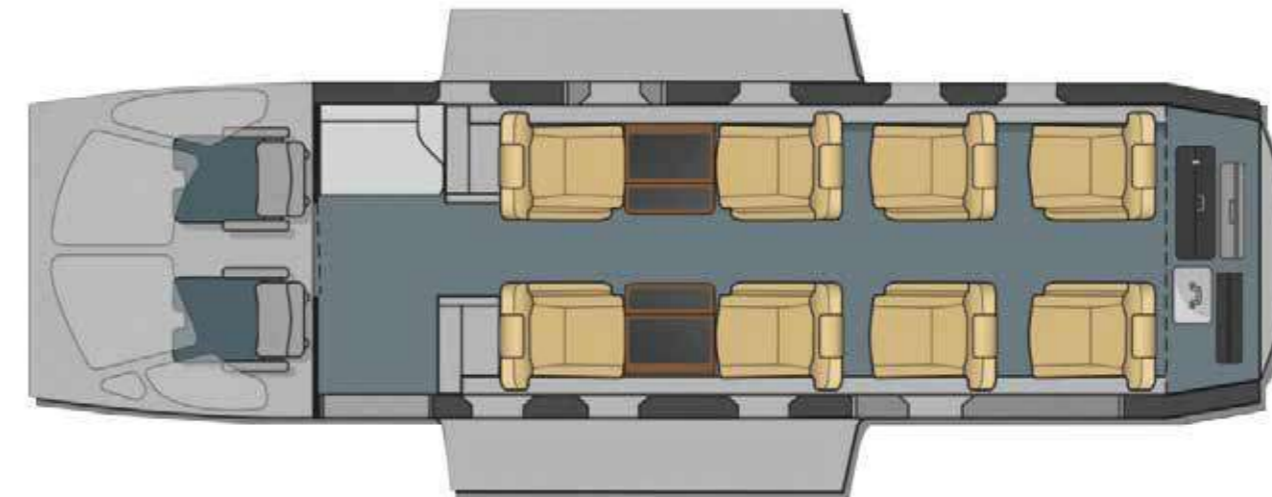

Clients are expertly taken care of by our crew and support staff; You can choose from options, such as:

- VIP Meet and Assist and VIP Lounges at selected airports
- Fast-track clearing of formalities
- Light catering (Premium wines and spirits on demand)
- VIP Concierge Service for hotel, ground transport, heli-transfers (additional charges apply)
- Live satellite tracking feed-in compliance with ICAO GADSS
- 2 crew operations

An aircraft with the capability of a Land Rover and the comfort of a Bentley.

There are no compromises when it comes to comfort onboard your private flights. Our Pilatus PC12 bridges bush and comfort.

PC-12 passengers can enjoy a comfortable and jet-like experience even when reaching the most secluded of bush airstrips. Its cabin is pressurized, so you can travel higher and faster, above the weather or on a clear day, with the most spectacular views of Africa. A spacious cabin for you to stretch your legs and while away your time at your leisure.

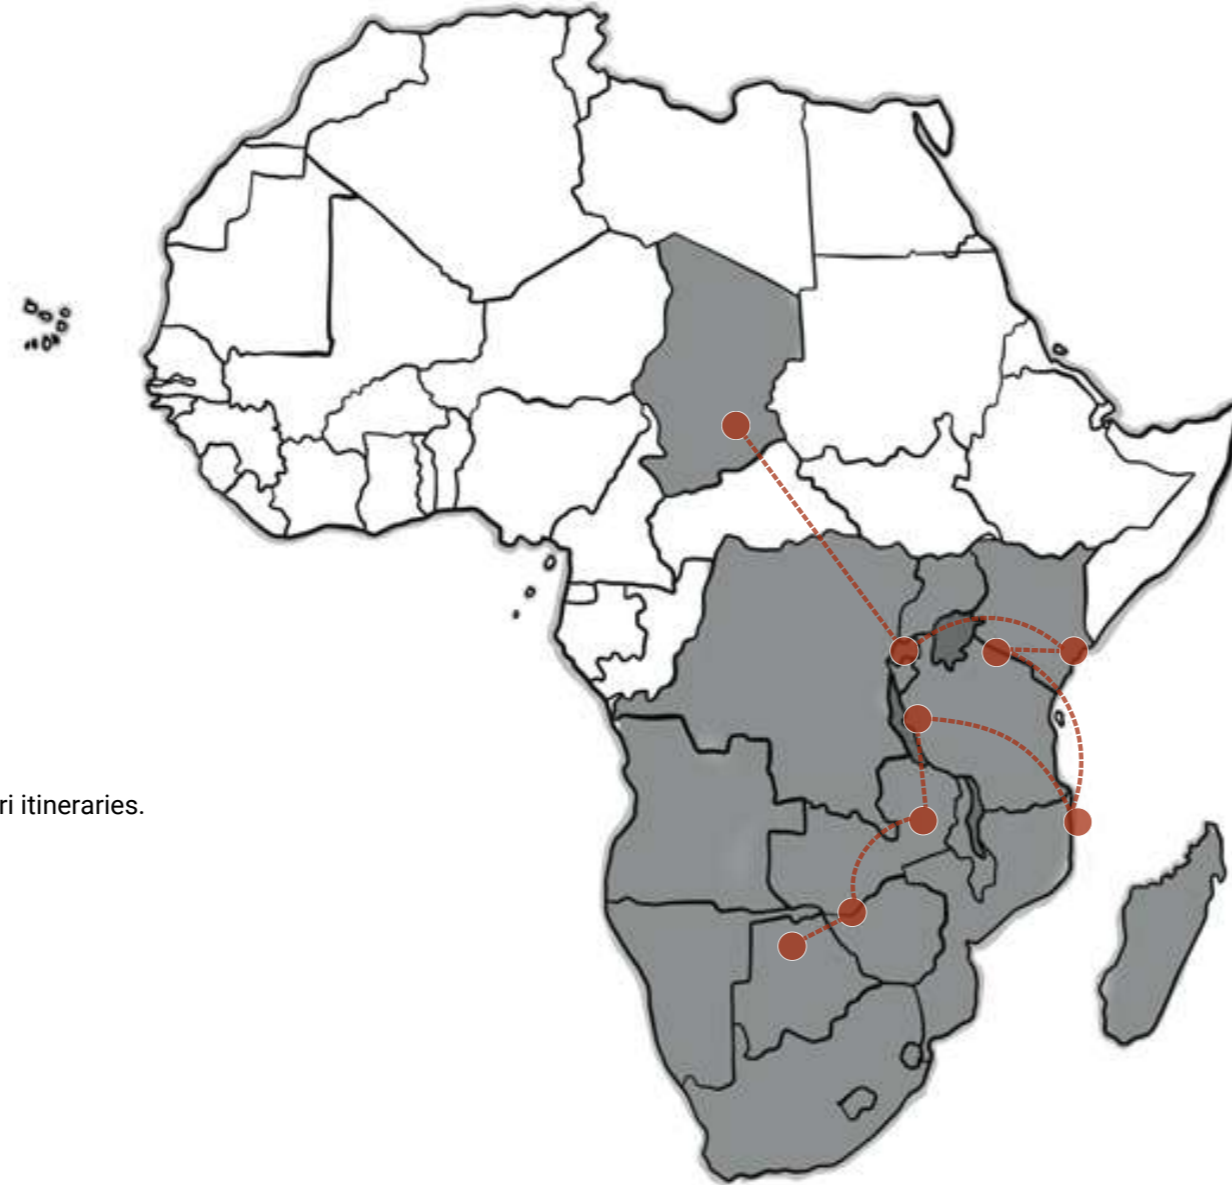

MULTI-COUNTRY

The Multi-country flying safari pushes the boundaries of the private flight to deliver the utmost flying safari experience.

A dedicated aircraft and crew will follow your customs multi-country itinerary across Africa. An unparalleled service based on the exceptional performance of the PC12 and the versatility and customer-care dedication of our flying crews. This product is an opportunity for those clients who wish to experience different cultures and landscapes of the continent in the same trip, connecting bush-to-bush safari destinations of African nations, without unnecessary night-stops at major hubs, to create that unspoiled adventure feeling.

Get in touch with our team to start designing your multi-country flying safari.

- Based on PC12
- We can plan, operate and book Multi Country / Pan-African flying safari itineraries. (Subject to Availability and on Enquiry.)
- Aircraft and crew to follow the itinerary.
- Min service 3 flights over two countries.

SCENIC FLIGHT

A sightseeing experience is a perfect add-on to any private flight.

Breathtaking landscapes are one of the best memories clients can take home. On a private charter, it is possible to pre-book additional flight time for scenic flying. Get in touch with our team to add a scenic flight experience to your itinerary.

COMMITTED TO SAFETY

At Coastal, your safety is at the top of our agenda.

Coastal Aviation emphasizes and practices strict and rigorous safety policies across our company's flight and ground operations, over and above those set out by our governing and regulatory bodies and organizations.

Our flight operations center around an MCC (Multi Crew Coordination) cockpit - whereby an ICAO and Tanzania Civil Aviation Authority (TCAA) approved training syllabus is implemented. The international airline standards that Coastal Aviation cultivates and instills in our flight crew are exemplified by the testament that Coastal has had crew seamlessly slot into careers and roles in international airlines around the world; a credit and accolade to the training foundations instilled at Coastal Aviation and practiced beyond our crew's tenure with the company.

We have successfully completed the IATA Standard Safety Assessment (ISSA) designed for commercial passenger and/or cargo operators and the airline is now on the ISSA registry.

The IATA Standard Safety Assessment (ISSA) program is an internationally recognised and accepted evaluation system designed to assess the operational management and control systems of an airline.

Certificate
of Registration

IATA recognizes that

Coastal Travels Limited

has been successfully registered as an ISSA Operator under the IATA Standard Safety Assessment program (ISSA), in accordance with the provisions of the ISSA Program Manual.

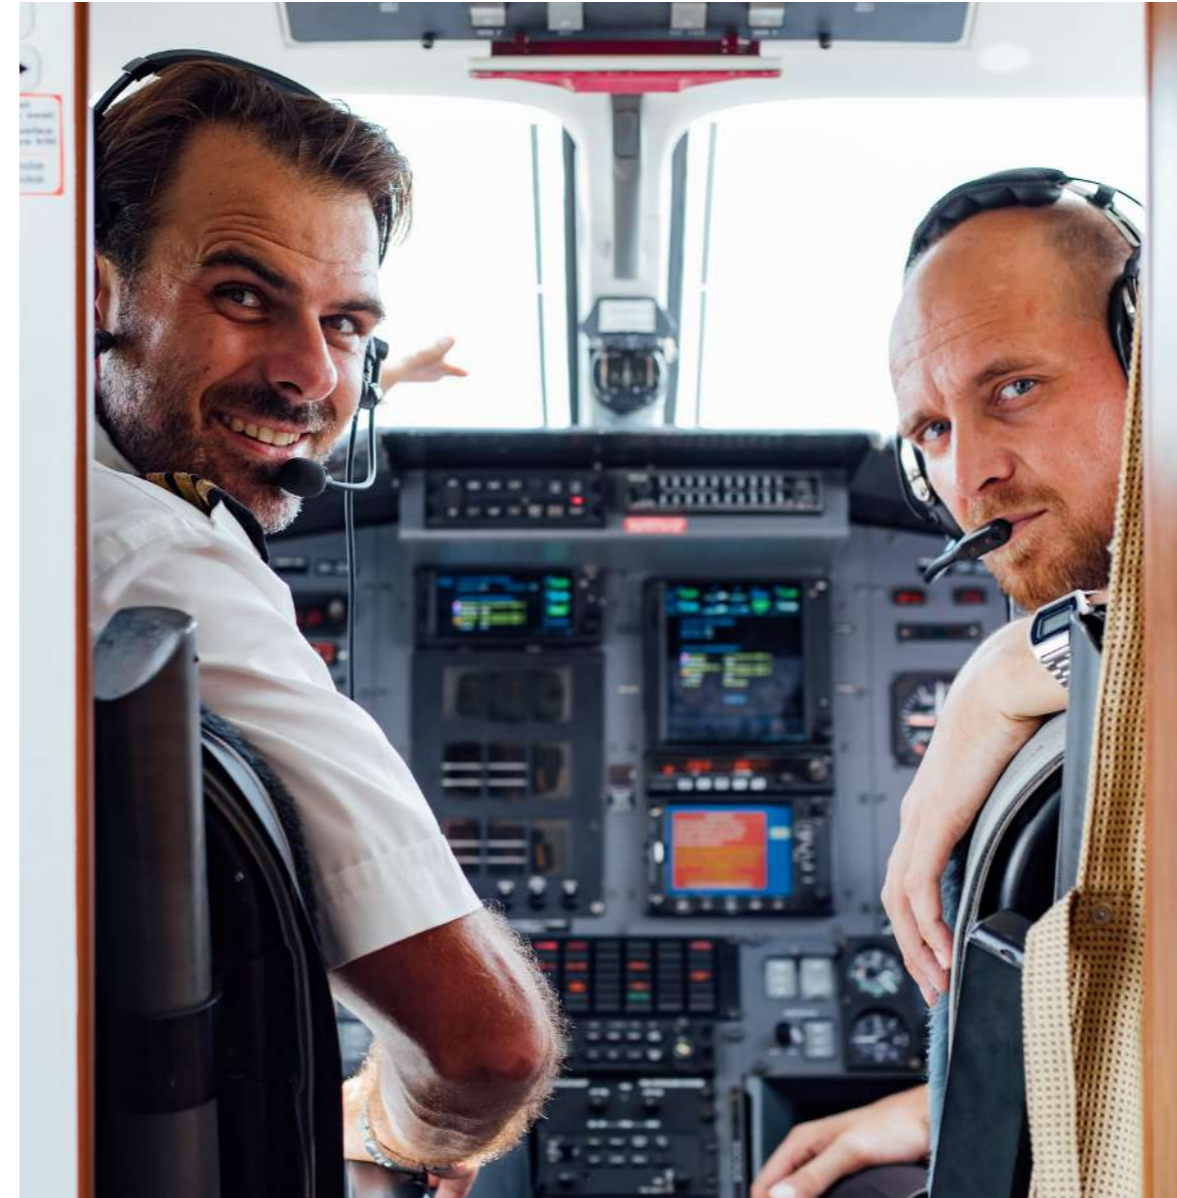

Valid until: 5 March 2023

Nick Careen
Senior Vice President
Operations, Safety and
Security

Please note: this is a ceremonial certificate only and is not a proof of ISSA Registration.
Official ISSA Registration is only shown on the ISSA Registry — www.iata.org/issa-registry
