MAKING EXCEPTIONAL COFFEE MOMENTS EFFORTLESS

The coffee you choose to serve says a lot about your business. It is a reflection of your commitment to quality and excellence. Nespresso shares this commitment.

Your team and your guests deserve the best. We bring together some of the world's finest coffee beans, growers and roasters so you can offer exceptional coffees that invite discovery.

SPECIFICALLY DESIGNED FOR BUSINESS

We understand the importance of delivering world-class, coffeehouse-quality coffees to your team and guests, but we also understand how important it is that your coffee service meets the needs of your business.

Our state-of-the-art professional coffee machines are all easy to use, easy to maintain and easy to clean. We bring true innovation to your business with masterfully designed, stylish machines offering features such as touchless brewing and multiple energy-saving settings.

And, as always, our commitment to sustainability is deeper than ever, offering your business coffee that's a force for good.

THE EXCEPTIONAL, SIGNATURE TASTE OF NESPRESSO

At Nespresso, our coffee masters select from among the world's finest coffees. These carefully curated beans are expertly blended and roasted to elicit the unique taste and aroma of each individual coffee. Our full range of Professional coffees delivers a coffee for every taste.

ORIGINS

Single-origin roasts from renowned coffee-growing regions, including **Peru Organic**, our first-ever organic offering and **Congo Organic**, our first Reviving Origins coffee.

RISTRETTO .85 fl oz · ESPRESSO 1.35 fl oz · LUNGO 3.75 fl oz · AMERICANO 6.5 fl oz · LARGE AMERICANO 9 fl oz

NESPRESSO REVIVING ORIGINS PROGRAM

In many of the world's finest coffee-growing regions, once-revered coffee farms and crops have been destroyed. Climate-related disasters, civil wars and economic hardships have taken farmers' livelihoods away.

Through the Nespresso Reviving Origins Program, we work with local farmers in several countries to reclaim the land they lost and bring back their crops. Together, we are reviving the highest-quality, sustainably grown coffees. In doing so, we will help restore farmers' incomes and be able to offer our customers exceptional, new coffee taste experiences.

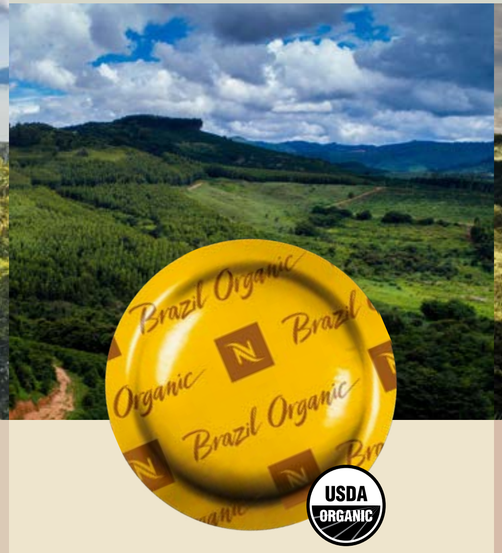

OUR OTHER NESPRESSO ORGANIC OFFERINGS

CONGO ORGANIC
OUR FIRST REVIVING ORIGINS COFFEE

Sourced from Eastern Congo, **Congo Organic** is the first Reviving Origins coffee in the Nespresso Professional range.

Congo's years of instability left many plantations abandoned. We join with farmers and partners to support coffee communities in raising Congo coffee to its full stature.

BRAZIL ORGANIC
FROM ARID SAVANNAHS & HILLTOP PLANTATIONS

Brazil Organic is sourced from *Sul de Minas*, one of the largest coffee regions in Brazil. The region's various landscapes contribute to a complex yet elegant Arabica blend.

The diversity of the land, flavors and people in Brazil are reflected beautifully in the growing and harvesting of **Brazil Organic** with flavors ranging from sweet and smooth to toasted cereal.

COLOMBIA ORGANIC
SOURCED FROM THE TOLIMA HIGHLANDS

Colombia Organic is sourced from the volcanic soils of the remote highlands of Tolima, Colombia. Farmers in the Tolima region cultivate their coffee according to strict organic practices.

Coffees from Tolima are particularly known for their smooth balance and diverse flavors ranging from sweet to toasted cereal and red fruit.

PERU ORGANIC
GROWN BY SMALLHOLDER FARMERS

In the ideal highlands climate, smallholder farmers adhere to rigid organic methods and hand harvest the organic coffee cherries that become our **Peru Organic** coffees.

They use only handmade fertilizers, plant shade trees to protect the crops and manually weed out the bad grasses around the coffee trees.

CERTIFIED B CORP™

Nespresso is humbled to be certified B Corp™, joining a community of brands that are using business as a Force for Good™ – going beyond sustainability to balance purpose and profit.

B Corp™ is a community of businesses that meet high standards of verified social and environmental performance, public transparency and legal accountability.

B Corp™ provides a roadmap through which we can go further, to do more and to scale our positive social and environmental impact.

DOING IS EVERYTHING

At Nespresso, sustainability is all about TAKING ACTION. It's all about DOING — doing everything we can do to help protect the earth and to do our part to conserve the environment for future generations. At Nespresso, doing is everything. As such, we are taking actions that make a positive difference for farmers, business partners, consumers and the planet.

WHAT ARE WE DOING?

COMMUNITY

We have been committed to creating a lasting impact with the coffee-growing community, one that helps protect natural ecosystems while helping to support farmers' livelihoods.

CLIMATE

We are using the power of coffee to help regenerate land, to help restore healthy ecosystems and to assist coffee-growing communities in building resilience against the impacts of climate change.

CIRCULARITY

We are committed to make recycling more convenient so that more aluminum from Nespresso capsules is collected and recycled into new objects.

Click here to learn more about our deep commitment to corporate social responsibility.

WITH NESPRESSO, RECYCLING IS EASY AS 1-2-3 AND FREE

STEP 1

Order pre-labeled recycling bags and/or bins online at nespresso.com/pro or by calling Nespresso Professional at 800.566.0571.

STEP 2

Fill your recycling bag with used Nespresso capsules.

STEP 3

Seal bag and ship to our third-party recycling partner with your company's regular UPS pickup or drop off at one of 88,000+ UPS collection points. Shipping is on us!

Recycling Bag | Countertop Bin | Front-of-House Recycling Bin (holds Large Recyclable Cardboard Box) *LIMITED QUANTITY | Large Recyclable Cardboard Box

YOU CAN GIVE NESPRESSO CAPSULES A NEW LIFE

Every cup of Nespresso coffee or espresso is a new opportunity to recycle. Through our complimentary recycling program, you can give Nespresso capsules a new life.

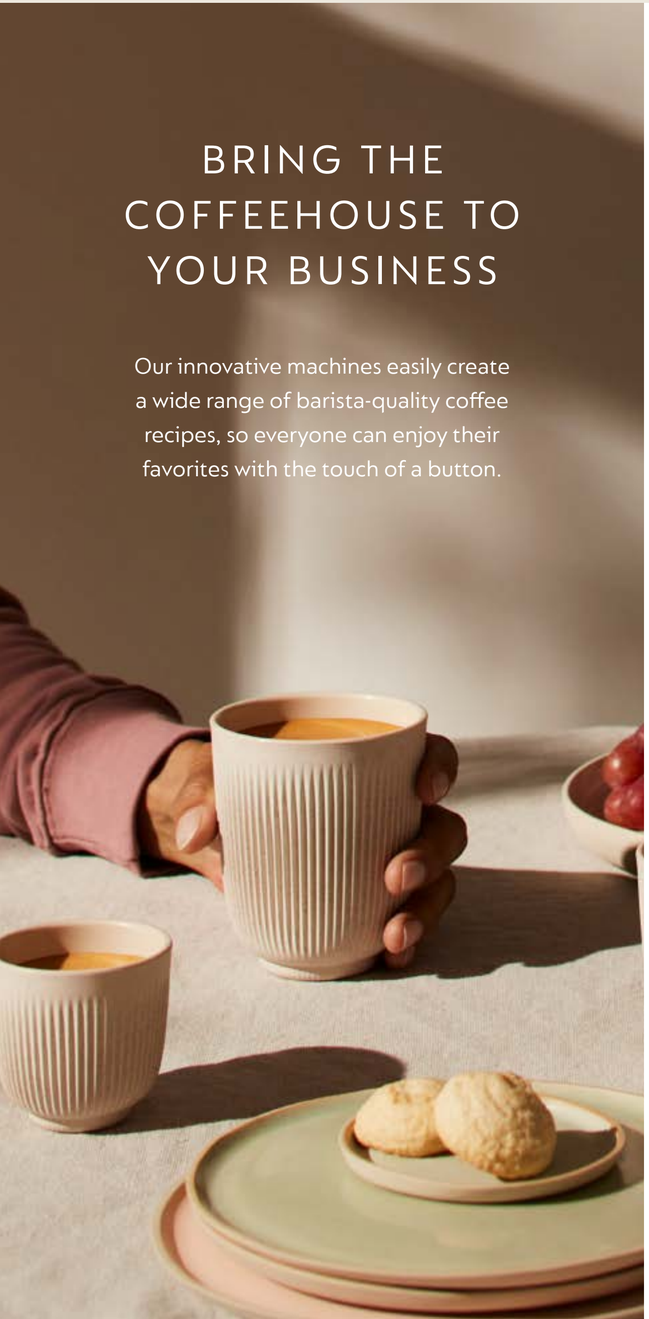

At the recycling facility, the coffee grounds are separated from the aluminum.

Our third-party recycling partner uses the coffee grounds to create compost and high-quality topsoil.

The aluminum can go on to become other amazing things.

BRING THE COFFEEHOUSE TO YOUR BUSINESS

Our innovative machines easily create a wide range of barista-quality coffee recipes, so everyone can enjoy their favorites with the touch of a button.
