A WARM WAZI WELCOME TO EASTERN CAPE PARKS PROVINCIAL NATURE RESERVES

The Eastern Cape is *Yours to Explore* and Wazi, representing the welcoming, friendly spirit of the people of the Eastern Cape, is your guide to exploring our magnificent provincial nature reserves - managed and protected for you by the Eastern Cape Parks and Tourism Agency.

Wazi indicates the main feature of each of the 16 provincial nature reserves showcased in this visitor guide. From camping and caravanning to wildlife safaris and birding, Eastern Cape provincial nature reserves offer something for everybody.

This visitor guide makes it easy for you to match your interests with the ideal nature reserve for you to explore. **Biodiversity & Heritage** reserves offer unique biodiversity features and recognised heritage sites - such as internationally acclaimed Baviaanskloof with its World Heritage Status. The **Game Management & Recreation** reserves provide additional recreational activities. The **Marine and Coastal** reserves feature fantastic stretches of coastline that make the Eastern Cape so unique and provide excellent viewing opportunities of whales and dolphin.

BAVIAANSKLOOF

(WORLD HERITAGE SITE)

A UNESCO World Heritage Site as well as a Cape Floristic Region protected area, Baviaanskloof (Valley of the Baboons) is a magnificent mountain kingdom spanning 2 040km, boasting seven of South Africa's nine biomes - fynbos, forest, grassland, succulent Karoo, Nama-Karoo, subtropical thicket and savannah.

At the eastern entrance to the reserve is the World Heritage Site Interpretive Centre with dedicated displays that showcase the reserve. Guides are on hand to show visitors around the centre and explain all about the rich biodiversity, cultural heritage and natural wonders

that make Baviaanskloof one of the most spectacular regions in the country.

In addition to the scenic splendour of the region, Baviaanskloof is fast gaining recognition as one of South Africa's premier adventure destinations. Traversing this reserve by 4x4 or on mountain bike (permission and support vehicle required), up rugged mountain passes, through rivers and across the plateau, is an unforgettable true wilderness experience.

GREAT FISH RIVER

The Great Fish River has a rich and varied history, from the earliest movements of San hunter-gatherers in 300 A.D. to the Frontier Wars between settlers and Xhosas in the 19th century. This once was a place of conflict, the Great Fish River forming a boundary between settler and Xhosa territories, with a number of forts, signal towers, fortified farmsteads, barracks and graves - Fort Double Drift, Fort Wilshire and Knott Memorial Church. Memories of turmoil have been replaced by tranquility in this vast and spectacular reserve that stretches as far as the eye can see.

The 45 000ha reserve, including the Andries Vosloo Kudu Reserve, Double Drift Nature Reserve and Sam Knott Nature Reserve, is defined by significant plant biodiversity, ranging from sub-tropical thicket to savannah and grassland. It's a birder's paradise with 245 bird sightings. The Adam's Krantz viewpoint over the twisting Fish River canyon is one of the most iconic Eastern Cape vistas. Magnificent sunsets can be celebrated from a wooden deck perched on the cliff while the Double Drift picnic site alongside the river is the perfect spot for braais.

GROENDAL

The 45 000ha Groendal wilderness area protects the water catchment of the Swartkops River (KwaZungha River) and forms part of the spectacular Baviaanskloof World Heritage Site. Although it is situated just 50km from central Port Elizabeth, it is characterised by unspoiled landscape including deep kloofs, gushing streams, ravines and crystal-clear pools. At the centre of the reserve is the tranquil Groendal Dam. Encompassed by the towering Groot Winterhoek Mountain Range, the reserve was first proclaimed a

wilderness area in 1976, making it one of the oldest protected areas in the Eastern Cape. Groendal is important to our cultural heritage, as the protected San rock-art in the area provides an invaluable record of the earliest inhabitants of this region.

Groendal is one of the most popular hiking destinations in the Nelson Mandela Bay area. The predominantly fynbos vegetation is home to a diverse range of bird and animal species.

ISLAND

480ha of indigenous Alexandria coastal forest, where ancient Outeniqua yellowwoods, hard pear trees and white milkwoods create a wonderful 'enchanted wood'. This forest was once referred to as an 'island' of verdant nature surrounded by a sea of development - giving the reserve its name. The central part of the reserve is a popular picnic site, with spacious braai facilities, wooden tables and seating. Expect to rub shoulders with a sizeable population of vervet monkeys, who share their lush surroundings with bushbuck, bush pigs and numerous colourful bird species. The exquisite coastal forest is also perfect for long walks, mountain biking, birding and game viewing.

A NATURAL HAVEN

THOMAS BAINES

Just 12km outside Makhanda, Thomas Baines Nature Reserve is an ideal destination for those wanting to explore the rich historical, cultural and geological history of South Africa's famed Frontier Country. Originally established as a municipal nature reserve in 1961, it was declared a provincial nature reserve in 1980. The reserve comprises a number of farms bordering and incorporating Howison's Poort Reservoir and Settlers Dam - both important water sources for Makhanda.

The 1 000ha reserve teems with birdlife, and the 15kms of dirt tracks make for excellent game drives, nature walks and mountain biking. Look out for eland, zebra, red hartebeest, warthogs and monkeys as you negotiate the reserve's lush fynbos and Albany thicket landscapes. Scenic but basic, non-powered campsites on the banks of Settlers Dam offer a rustic charm, in close proximity to excellent fishing, sailing and hiking sites.

The reserve is named after the famous 19th century artist, who left a valuable record of the rich diversity of flora and fauna in the region, including the now extinct Quagga.

COMMANDO DRIFT

Roughly 60km from Cradock, in the heart of Eastern Cape hinterland, lies the Commando Drift Nature Reserve with its central geographical feature, the impressive Commando Drift Dam. Fed by four rivers, the dam ensures an abundance of wildlife, including the endangered mountain zebra. Among the most striking features of the reserve is a series of spectacular dolerite and sandstone cliffs, as well as numerous popular hiking and off-road trails, including the Bushman and Endurance hiking trails and Palingkloof jeep track.

A great biking destination, the mountain bike trail has a circular route and a number of alternative trails. It is fairly easy, but includes some challenging hills, rocky terrain and a few devil thorns!

The reserve offers scenic chalets, campsites and direct lake access, making this a great option for the avid fisherman. Snow has been recorded in the surrounding mountains in winter months, so be prepared for cold!

DOUBLE MOUTH & CAPE MORGAN CONFERENCE CENTRE

Nestled alongside the popular holiday town of Morgan Bay, just 50 minutes' drive from East London, Double Mouth Nature Reserve is one of the Eastern Cape's premier coastal camping destinations. Thirty beautiful camp and caravan sites enjoy spectacular sea views and easy access to both the beach and the Quko River Mouth, making this the ideal camp for fishing and water sport enthusiasts. The adjacent estuary and lush forested dunes are home to a large number of bird species, while small game such as bushbuck, blue duiker, mongoose and vervet monkeys are frequent campsite visitors.

Remnants from the shipwreck - Santo Espiritu that ran aground in 1608 just off Black Rock between Haga-Haga - 'money cowries' (cowrie shells used as money to buy goods), carnelian beads (red in colour and were mined in India over a century ago) and Chinese blue and white Ming porcelain shards can be found in the shingle and sand at what has become known as 'Bead Beach', between Black Rock and the Quko River at Double Mouth.

The Cape Morgan Conference Centre is a multi-purpose conference venue with state of the art conferencing facilities and catering services.

MPOFU – FORT FORDYCE

Covering +/-15 000ha, the reserve is situated 25km northwest of Fort Beaufort, on the escarpment and lower valleys of the Amathole catchment, with magnificent views of the Katberg and Amathole Mountains. Comprising Mpoфу, Fort Fordyce and Bosnek, the reserve is of great cultural and historical significance, with incredible San rock-art and sites of the 8th Frontier War. The remnants of two forts built during the Frontier Wars can be seen on the high ground of Horseshoe Valley. Both became known as Fort Fordyce, after Lieutenant Colonel John Fordyce who was shot and killed by Xhosa warriors during the attack in 1851 on Chief Maqoma - the most renowned Xhosa chief of the Frontier Wars. Fullers Hoek is a kloof with huge caves used by Maqoma and his followers as a hide out.

The indigenous forest hosts amongst the most diverse and richest species in southern Africa and the reserve serves as an excellent birding destination. Bass fishing is a popular activity as is rock climbing - Fort Fordyce features ten bolted routes with names like the Fever Ward, the Labour Ward and the More Mojo Sector.

ONGELUKSNEK

The Ongeluksnek area was so named in about 1860 after one of the trekkers in the Griqua trek to 'Nomansland' died from a gunshot wound. The reserve forms part of the Maloti Drakensberg Transfrontier Park (MDTP) and is renowned for its natural beauty, verdant wetlands and perilous mountain pass. Much of the reserve is covered with east Griqualand grassland, with lush wetlands at Lake Letsie in the north, bordering Lesotho. Unique features include a spectacular waterfall and a vulture 'restaurant' where the rare bearded vulture can be spotted.

This reserve is a hiker's paradise – with trails to suit all levels of competence. There are a number of marked trails, ranging from 1km to 12km in distance, as well as longer trails that require a good contour map and experienced mountaineers. Enthusiastic birders are in for a treat with some 241 different bird species found in the area.

The rugged Ongeluksnek pass (which traverses the length of the reserve) is strictly for off road vehicles and has humbled many fearless travellers! The track is usually rutted, muddy and quite difficult to negotiate, but the challenge offers great rewards.

In the 1970s four San rock-art sites were recorded in the vicinity of the Mariazell Mission Station. The Natal Museum revisited and confirmed these sites in 2005.

DIRECTIONS

From Matatiele, head west along tarred R56 for 10km. Turn right onto a gravel road. Continue heading in a westerly direction for 35km. You will have a good view of the beautiful church and buildings of the Mariazell Mission station. Carry on for a further 5km to the entrance gate of the Ongeluksnek Nature Reserve.

ACCOMMODATION

Gateway Lodge is a beautiful sandstone farmhouse located at the entrance to the reserve. It was built in the 1920s and provides rustic accommodation with wonderful views of the surrounding mountains. The lodge is self-catering. Two small rondavels are also available.

WATER & WILDERNESS
GETAWAY

OVISTON

Initially established to preserve the False Upper Karoo vegetation and to support a breeding programme for buck, the 16 000ha reserve is one of the Eastern Cape's best-kept secrets. It is a secluded, peaceful reserve situated on the southern shores of the Gariep Dam – South Africa's largest standing body of fresh water. A visit to the quiet waterside village of Oviston in the Little Karoo is well worthwhile – spend afternoons fishing and boating on the dam, and enjoy a self-drive game drive through this awesome reserve. The Karoo climate is characterised by blazing hot days, followed by cool evenings and extraordinary sunsets. The landscape of wide-open grasslands, little 'koppies' and deep blue skies is a photographer's dream.

Gariep Dam is perfect for watersports, boating and swimming and is an excellent fishing destination. Anglers can hope to land largemouth yellowfish, Orange River mudfish, moggel and sharptooth catfish. The highlight of a day at the reserve is a sunset cruise on the peaceful dam.

DIRECTIONS From Venterstad's main street, take the Oviston turn off. Proceed straight along the tar road until you reach the main gate. About 2 km from the main gate turn right to Oviston and at about 5 km arrive at Oviston Nature Reserve office.

ACCOMMODATION

Komweer Lodge is a beautiful old farmhouse and Apies Bay Cabin is a rustic stone cabin with a thatched roof, in close proximity to the Gariep Dam. Ihodi Campsite is available for those who travel with tents and caravans. The name is derived from the Xhosa word ihodi, meaning aardvark, referring to the tenacious animal found in the area.

TSOLWANA

8 500ha in extent and marking the beginning of the Karoo plains, Tsolwana is situated on the northern slopes of the commanding Winterberg mountain. The landscape is strikingly beautiful. Tsolwana, the Xhosa word for spike, refers to a conical shaped hill within the reserve.

Game viewing and birding are major attractions at Tsolwana. The mountainous slopes, grassy plains and acacia thornveld support abundant wildlife and 241 different bird species. Tsolwana's experienced rangers are available to take visitors on self-drive game drives, combining 4x4 adventure with wildlife viewing opportunities. Guided game walks are also offered. The hiking trails, following game tracks and gravel roads, vary in length from a couple of hours to a two-day overnight trail in the western part of the reserve.

The climate can be extreme, with greatly varying temperatures and unpredictable heavy summer rainstorms with hail. In winter, snow falls frequently - so be prepared!

DWESA - CWEBE

Straddling the impressive, 140km Mbashe River on the Wild Coast, the Dwesa and Cwebé Nature Reserves are situated in one of the Eastern Cape's most unspoilt coastal conservation areas. Birdlife at these reserves is truly incredible. More than 200 terrestrial and coastal species have been recorded including the globally threatened spotted ground thrush, which breeds here. The coastal mangroves hold the only protected breeding population of mangrove kingfisher in South Africa. Featuring a range of low-, medium- and high-impact hiking trails through thick coastal forest, this is the ideal setting for visitors wanting to get back to nature.

While similar in vegetation, the two reserves nonetheless have individual identities. Dwesa, the larger of the two, features a bigger variety of game, while Cwebé boasts a more diverse habitat, from forest and grassland to lush mangroves. Situated on the edge of a tranquil lagoon, seven exquisite timber chalets are hidden deep in the trees. A short walk through the dune forest reveals a perfect, unspoiled shelly beach with fascinating rock pools. The campsite is sheltered by the forest and bluff.

Spectacular views from Kobole Point and of the nearby waterfall are definite highlights.

O'BELLS SHIPWRECK SITE

The O'Bell ran aground in the early 1900s. Scant information has survived, but it is suggested the vessel was en route to Maputo (then Lorenzo Marques) when she floundered off the Dwesa coast in rough seas. Fortunately all aboard survived and made it safely to land.

A COASTAL PARADISE

HLULEKA

Hluleka is a 772ha coastal paradise. From the top of the grassy hill at the entrance to Hluleka, an incredible panoramic view along the coastline sets the scene for a perfect getaway with coves, white sandy beaches lined with palms, and magnificent indigenous coastal forest. Hluleka is an excellent birding destination and sightings of dolphins and whales add to the joy of the wildlife wonder that Hluleka offers.

The accommodation at Hluleka is superb - seven chalets with exquisite views situated on a small hilltop covered in old indigenous trees, striking orange strelitzias and grassy areas where Burchell's zebra roam and graze.

GPS COORDINATES

31°49'16.1"S | 29°17'55.3"E

DIRECTIONS

Take the R61 (Port St Johns Road) and turn right onto the Hluleka Nature Reserve gravel road, which continues for 47km until the entrance.

LUCHABA

The charming 460ha Luchaba Nature Reserve is made up of a series of wetlands and grasslands and is home to a variety of wildlife. The reserve is adjacent to the Mthatha Dam and is managed together with the Nduli Nature Reserve, which lies on land owned by King Sabata Dalindyebo. The landscape is made up of dolerite dykes, rocky outcrops, shale and sandstone, as well as regions of highland sourveld. This Mthatha Moist Grassland biome supports a variety of wildlife.

Two conference halls make up a beautiful conference centre for 150 guests. The restaurant, catering for 136 guests, looks out over the dam. A marquee is also available for 600 guests.

**WONDERFUL
WATERFALLS
& GOLDEN GRASSLANDS**

MKHAMBATHI

The reserve, comprising 7 720ha including coastal land, is situated on the coast of northeastern Pondoland, between Port Edward and Port St Johns. The Mkhambathi River makes its way through the reserve, over a series of cliffs forming breathtaking waterfalls (Horseshoe Falls, Strandloper Falls and Mkhambathi Falls) and a series of pools, before tumbling into the Indian Ocean. Other attractions include a secluded cave in the forest, +/-100m up river from the coast, the spectacular Misty Falls, Four Falls and the Mntentu and Msikaba River gorges where endangered Cape vultures can often be seen circling high above. The Gwe Gwe River and lagoon nearby is ideal for fishing and swimming. Mkhambathi is the perfect place for adventurous travellers.

Mkhambathi has a diverse natural habitat – ranging from grasslands and wetlands, dune forests and swamps to indigenous forests. It is part of the Pondoland Centre of Endemism – one of 235 sites identified worldwide as having important biodiversity and ecology. Mkhambathi is an International Bird Area and also offers great game viewing opportunities.

The accommodation is rustic, offering visitors a real chance to experience true African wilderness.

DIRECTIONS

From Flagstaff, travel the R61 for 70km to Mkhambathi Nature Reserve on the Holy Cross Hospital Road.

EMERGENCY NUMBERS

Mthontsasa Police Station: 039 252 2031/3131
Holy Cross Hospital: 039 252 3000/1/2047

Mkhambathi was once a leper colony, before being proclaimed a nature reserve in 1977. Today it is co-managed by the ECPTA and the Mkhambathi Land Trust - a partnership resulting from a settlement agreement through the land restitution process. The local community benefits from the recreational use of the land and protection of its precious resources.

ACCOMMODATION

The fully equipped accommodation is rustic and offers visitors a real chance to experience the African wilderness. The Gwe Gwe River and lagoon nearby is ideal for fishing and swimming. Up river is Main Lodge, a beautiful large sandstone lodge, fully equipped, with a swimming pool to relax at after a day of exploring the bush and beach. All accommodation is self-catering.

- **MAIN LODGE (3-STAR):** Fully equipped, self catering, 5 en-suite bedrooms with bath & shower and swimming pool - sleeps 10
- **STONE COTTAGE (2):** Fully equipped, self catering, 3 bedrooms - sleeps 6.

A PRISTINE BAY

SILAKA

400ha of unspoiled wilderness, Silaka is an idyllic coastal reserve, seven kilometres south of Port St Johns. Silaka stretches from Second Beach to Sugarloaf Rock and up the valley where lush green indigenous forests cover the hills.

The pristine beach is perfect for fishing and swimming. Hiking trails lead up onto the bluff, affording incredible views of the coastline. The Gxwaleni River flows through the valley, trickling through a wetland and forming a small lagoon before entering the sea. Bird Rock stands like a sentinel in the middle of the bay. This rocky outcrop is the perfect perch for white-breasted cormorant and other sea birds. Silaka is an excellent birding destination and a haven for many species of wildlife.

EMERGENCY NUMBERS

TERMS & CONDITIONS

1. Damage/Loss/Death

It is a distinct condition of admission to any protected area that the ECPTA accepts no responsibility arising from a visit(s) however caused:

- For any death, injury or illness sustained or suffered by any person.
- For theft/loss/damage to any property, whether allegedly due to the negligence of the board/officers/employees/agents or arising from the use of any facilities supplied/made available.
- From any alleged defect in any utensil/equipment/services.
- From any other conveyance supplied/made available, or from any liquid/food supplied.
- From any other matter arising, in any other manner and from any other cause whatsoever.

2. Disclaimer of Liability

ECPTA, its Directors and employees shall not be liable to any person or any legal entity for:

- Any loss or damages caused by or as a result of any theft or burglary or any other cause and/or
- Any incident, injury, loss of life, loss or damage whether by ECPTA, its Directors or its employees, consequential or otherwise caused to such person or entity from whatever cause arising while upon or while using the said premises or any portion thereof however such accident, delay, injury, loss of life or loss or damage may arise occasionally as a result of negligence or breach of contract.

3. Booking Fees

- The ECPTA reserves the right of admission to all its facilities. ECPTA only confirms a booking on receipt of full payment by the deadline date (within 14 days of making booking or prior to arrival, whichever is the lesser) as specified on the provisional booking.
- It is the client's responsibility to ensure that full payment is made before the specified date on provisional booking to avoid automatic cancellation, as the ECPTA cannot be held responsible for this.
- ECPTA reserves the right to cancel the booking if no or only partial payment is received, or should the payment be referenced incorrectly.

Any money paid will be kept as credit for the customer for another 14 day period after the cancellation of the booking for the above mentioned reason, after which the money will be forfeited and automatically become an administration fee.

- No EFT/Direct Debits are accepted for online bookings

4. Online Bookings

- All new reservations made online will require immediate and full payment by credit card. If this is not possible, please use one of the alternative booking methods.
- The available information is real-time updated (unless interrupted by technical difficulties) between our reservation system and the website. As ECPTA accepts reservations on a first-come-first-served basis we cannot guarantee that accommodation clients saw as available online will still be available by the time a reservation is attempted.
- Online payments are processed in South African Rand. All transactions, including refunds, are calculated at the current exchange rates.
- All online reservations may receive a discount on bookings for accommodation and camping, unless specific promotional or seasonal discounts advertised explicitly as being available to online reservations, are announced, in which case the latter will apply at the discretion of ECPTA.
- The reservation is only guaranteed once you've received a confirmation email from ECPTA reservations
- Our online reservations system makes use of, and requires, JavaScript and Cookie technologies.

5. Cancelling

- Cancellation of a reservation made could result in cancellation fees. These are calculated on the total value of the reservation that was cancelled.
- Cancellation greater than 45 days prior to arrival is 10% of total booking.
- Cancellation within 30-44 days prior to arrival is 25% of total booking.
- Cancellation within 15-29 days prior to arrival is 50% of the total booking.

- Cancellation within 14 days or less prior to the arrival is 100% of the total booking.

- If the arrival date of the itinerary is postponed prior to or on date of arrival and then cancelled at a later stage, the fees that applied at the time of amendment will be enforced if the amount is greater than the new cancellation fees.
- Guests who consider postponing a reservation (at same or higher cost and subject to availability) as alternative to cancellation, will be required to pay in the difference should reservation cost increase as a result. If reservation cost decreases the booking will be subject to the rules that apply for downgrading a reservation. Note that any subsequent cancellation or downgrading will consider the initial reservation arrival date to calculate modification or cancellation charges.
- Should ECPTA cancel the booking due to any unforeseen reason, the guests have the option to reschedule or receive a full refund.
- All cancelling must be done in writing by clients if booking has been paid.

6. Booking Credit

- Booking credits are valid on the system only for a period of a year starting from the arrival date. Credits not utilised within a period of a year are forfeited.
- Credit that has been kept on the system within a period of a year can only be utilised for making bookings only and cannot be transferred to cash refund.
- When making a booking utilising credit, it will be subject to availability, rates applicable at the time of booking and any other charges as deemed necessary by ECPTA.

7. No Show

- Should the reservation not be taken up on the arrival date the accommodation will be held until 09:00 am the following day after which the reservation will be cancelled and any monies paid will be forfeited.
- No correspondence will be entered into after the above has taken effect and ECPTA's decision is final.

8. Booking Adjustments

- Any adjustments of confirmed bookings that result in price increase or do not affect the price, will be dealt with on a case by case basis subject to availability and the impact on the nature reserve. Any additional monies owed must be settled in full by due date as stated on the Provisional bookings.
- If the arrival date of itinerary is postponed prior to or on the date of the arrival and cancelled at a later stage, the fees that applied at the time of amendment will be enforced if the amount is greater than the new cancellation fees.
- Guest may consider postponing a reservation (at same or higher cost subject to availability) as an alternative to cancellation. Guest will be required to pay in the difference should the reservation cost increase as a result and if the reservation cost decreases the booking will be subject to the rules of modification that applied.

9. Booking Fees & Cancellation of Provisional Bookings

- Right of admission is reserved.
- All bookings are made on a first come first serve basis and no exceptions will be made.
- ECPTA accepts bookings up to a full financial year (from April this year to March next year, with bookings opening for the following year in February).
- ECPTA only confirms a booking on receipt of full payment reflecting on ECPTA bank statement by the deadline date as specified on the provisional booking. Failure to make full payment by the due date will result in bookings being cancelled and any monies received held as credit.
- It remains the client's responsibility to ensure that full payment is received by the reservation office BEFORE THE FINAL PAYMENT DUE DATE.
- ECPTA reserves the right to cancel the booking without prior notification if only partial payment is received or the payment is referenced incorrectly and results in the payment not being able to allocate the payment to the booking resulting in a system cancellation of the booking. Any money paid by that date will be forfeited and be deemed an ECPTA donation.

10. Rescheduling

- The following conditions apply to any rescheduled booking:
- Bookings rescheduled will be subject to a 25% of the total booking as an administration fee. The total booking fee plus the administration fee must be paid in full before access to the reserve is granted.
 - Bookings may only be rescheduled twice.
 - Rescheduling of bookings must be made within 12 months of the original arrival date or money paid will be forfeited.
 - When rescheduling, the monetary value of the cancelled booking will go as credit against the new booking (not the quantity of days booked.)
 - Bookings cannot be rescheduled should guests choose to leave earlier than expected due to illness, emergencies, Force Majeure or change of plans.
 - All rescheduling must be done in writing by clients if booking has been paid.

11. Refund Process

- The client is required to send a letter requesting a refund to reservation office.
- All refunds can only be processed provided the refund meets the terms and conditions of ECPTA.
- Approved refunds will be fully processed within a period of approximately 21 working days, excluding weekends and holidays, from approval.
- Bookings cannot be rescheduled or refunded should guests choose to leave earlier or arrive later than expected date, due to illness, emergencies, change of plans, late arrivals or natural disaster etc.
- Should ECPTA inconvenience a client, a refund may be considered.
- Should ECPTA cancel a confirmed booking for any reasons then the guest has the option to either change the booking to another ECPTA reserve (subject availability) or receive a full refund.

- ECPTA will not contend with any rescheduling or cancellation requests as a result of unpleasant weather conditions - this is out of the ECPTA's control. Should the ECPTA be advised by its reserve staff that conditions are unsafe for visitors, then and in such event the ECPTA will contact the affected clients and offer alternative arrangements.

12. Visitors

- All visitors to the reserve are required to pay a daily conservation fee when entering the reserve. These conservation fees vary from reserve to reserve and are applicable to both day and overnight guests.
- No bookings will be confirmed until all the monies have been paid (conservation fee, activities, camping and accommodation).

13. Discount

- South African senior citizens aged 60 years and above who would like to make use of specially reduced pensioner senior citizen rates, should produce South African Identity Document or SASSA Card upon making a booking and must use one of the alternative booking methods to make or amend their reservation.
- Only bookings in a provisional status will be eligible for a discount.
- It is the sole responsibility of the visitor/s to apply for the discount if eligible - ECPTA or its staff cannot be held responsible for clients stating they did not receive the discount or were not made aware of the discount.
