

PLB15

PORTABLE BATTERY PACK

The Dometic PLB15 is a highly efficient 15Ah Lithium Iron Phosphate battery that can provide up to 192Wh at 12V, making it a reliable source of power for your portable electronic devices, such as cool boxes, laptops, cellphones, cameras and much more. Its lightweight, compact, and ergonomic design make it an ideal power source to bring along on your daily adventures. This versatile power bank is equipped with 3 different outputs: 12V, USB-C and USB-A, allowing you to charge multiple devices at the same time. Additionally, you can charge the PLB15 using different charging options, including wall charging with the USB-C input, car charging, and even solar charging via the DC coaxial input.

 **DOMETIC**

BUILT TO POWER YOUR OUTDOOR ADVENTURES

The Dometic PLB15 is a highly efficient 15Ah Lithium Iron Phosphate battery that can provide up to 192Wh at 12V, making it a reliable source of power for your portable electronic devices, such as cool boxes, laptops, cellphones, cameras, and much more.
