

BARR HILL®

VODKA

SMOOTH & DECADENT

Barr Hill Vodka is our tribute to the hardworking beekeepers. In late summer, we take delivery of hundreds of barrels of their pure raw honey. Their season's work is what makes our vodka truly special. We never heat the honey prior to fermentation and we never distill more than twice. By preserving the wild yeast and rich aromatics of the nectar, we capture the essence of the *wildflower fields* and bring it straight to your glass.

- It is distilled ENTIRELY from Regional Raw Honey - there is 3 pounds of raw honey in each 750mL bottle
- It features the botanical depth from more than 100 types of flowers, with prominent notes of clover, alfalfa and goldenrod
- Perfect for spirit forward cocktails like martinis
- Available in 50mL, 375mL and 750mL
- Proudly crafted in VT by an independently owned distillery
