OVERVIEW

Phuket's most renowned and exclusive private pool resort, Trisara embraces a pristine private access beach on the Andaman Sea. A secret hideaway nestled in a verdant, tropical paradise, Trisara's private luxury pool villas and residences sit on gently terraced hillsides forested with indigenous palms, plumeria, exotic orchids and flowering vines. Each private pool villa and residence looks to the western horizon, offer gorgeous views of the Andaman Sea's ethereal aquamarine waters. The gently sloping contours of the site have been developed to allow all villas to embrace wide ocean views, sunsets and the cooling sea breezes that flow throughout the property.

The island resort sits within fourteen hectares of a protected nature preserve that lends itself to extreme privacy and tranquility. Trisara's collection of private luxury villas and residences, and elegant dining and spa pavilions reflect the warmth and comfort of traditional Thai architecture and cultural values. Featuring spacious indoor and outdoor living spaces and private swimming pools, the villas and residences' interior design are a pleasing mix of exotic natural materials and modern luxury elements. A private beach — reserved exclusively for in-residence guests — extends the length of the resort's boundary and is ideal for sunbathing, water sports and long walks on the beach.

FOOD & BEVERAGE

PRU

At PRU, Thai ingredients are shaped into bewitching gourmet creations that draw inspiration from both the east and west. Here, ingredients are sourced from within Thailand, with much of the organic produce grown at the Pru Jampa farm. PRU was awarded with both 1 star at the MICHELIN Guide Thailand Star Revelation and the MICHELIN Green Star.

JAMPA

Jampa uses live fire to transform local ingredients into healthy and balanced, yet resolutely elevated, culinary creations. As a result of his efforts, Jampa was awarded the MICHELIN Guide Thailand Star Revelation 2023. Chef Dingen also aims to make Jampa the first venue in Phuket to achieve a zero-waste-to-landfill ratio.

CIELO

Nestled just a stone's throw away from the Andaman Sea, the all-day dining restaurant offers an oceanfront ambiance where you can savor reimagined classics from the Mediterranean cuisine while gazing upon the pristine beauty of one of the island's most exquisite beaches.

SAT AT TRISARA

Refined Thai homestyle dining experience that showcases the bounty of Phuket's land and sea, featuring seasonal, locally-sourced ingredients that capture the essence of authentic Thai homestyle cooking

DALA BISTRO & BAR

Named after the torch ginger flower indigenous to Phuket, DALA offers craft cocktails and coffee made using local terpenes and pan-Asian bites with breathtaking ocean and sunset views.

IN VILLA BBQ

Guests are spoiled as a personal chef prepares a private barbecue on their pool deck. On certain nights the property offers a limited number of romantic tables dotted along the sand in front of the beach.

Nourish the roots, engage with the earth, provide strength to the core, be peaceful, take care of the inner self and outward beauty will blossom. The same principles can be applied to human beings and thus true wellbeing is achieved through the relationship of five pillars which has become the philosophy of our spa experience.
