ULTLINE

Most Optimized HIFU Technology Ever

Beyond Compare

ULTLINE

ULTLINE is integrated with state-of-the-art HIFU system for both face and body care. ULTLINE is equipped with 2 sets of scan-typed cartridges for exclusive body treatment. Both cartridges can be performed at the same time. There are also 6 kinds of cartridges available with ULTLINE. Each cartridge has two(2) different modes(dot mode, line mode) which operator can select according to different treatment purpose and treatment time. Treatment speed of ULTLINE is remarkably enhanced to guarantee the optimal clinical efficacy by creating accurate and consistent coagulation points.

FACE Handpiece

01, **One cartridge, multiple treatment settings**

Adjustable dot spacing, energy level, and treatment length enable fully customizable setting.

02, **Reduced treatment time**

Improved HIFU energy delivery speed for faster and more efficient treatments.

ULTRA Handpiece

Increase treatment speed by applying 2 scan handpieces
individually or simultaneously
