Concept of REI-SEI-BI

Inspired from the sustainable cosmetics craft. We set 3 aspects to achieve advanced sustainability.

1- Low carbonized process

Seek less heat but sensual textures

2- Energy saving process

Easy to disperse/emulsify with less shear power

3- Sustainably oriented source

High natural content >95%,
RSPO palm

Our factories in Japan powered by carbon-neutral electricity

NIKKOL GROUP's 3 factories and affiliated company's factory¹ achieved substantial reductions of all CO₂ emissions of electricity use by about 2,752t-CO₂.² We continuously work to realize a carbon-neutral society.

1- Nippon Surfactant Industries' Utsunomiya & Nasu plants,
Bergerac Japon's Nasu factory, KOBO Dispatek's Utsunomiya factory
2- Jan to Dec in 2019

Key System

NIKKOL
Nikkomulese® LH

Cold processable emulsifier

New

- Provides a stable emulsion even in high dose of electrolytes.
- Creates a robust emulsification up to 50% of any oils.

RSPO: MB grade

Natural Origin Content: 0.97 (ISO 16128)

NIKKOL
Nikkomulese®
WO-NS

Cold processable emulsifier

- Provides a stable W/O emulsion with emollient-rich texture.
- Incorporates ester oils, triglycerides and hydrocarbon oils.

RSPO: MB grade

Natural Origin Content: 0.97 (ISO 16128)

NIKKOL
Hexaglyn® PR-15

Cold processable dispersant

- Improves dispersibility of inorganic UV filters and pigments in oil due to high affinity with them.

COSMOS: Approved

RSPO: MB grade

Natural Origin Content: 1 (ISO 16128)

Natural Origin Content: 99.8% (ISO 16128)

冷

Jiggle-Jiggle Intense Eyeshadow

1, EMOLLIENT

15% natural emollient oils charge rich hydration to thin eyelids.

2, FIRM

Oil-soluble vitamin C approaches fibroblasts to synthesize collagen.

3, RICH SPARKLE

Pearl pigments stick to eyelid closely and sparkle with every blink.

Easy to scoop up a desired amount with finger and adjust the applied amount on eyelids.

- No need for heating materials
- Emulsify @RT

3.0% NIKKOL VC-IP

5.0% NIKKOL Nikkomulse® LH

Natural Origin Content: 99.6% (ISO 16128)

SPF 25, PA++ (estimated score, *in-vitro*)

日
生

Stay-in-Place Tone-up Makeup Primer

1, SEBUM CONTROL

Rose-shaped sebum blotting powder controls daytime oily skin.

2, CLEAR ACNE

Cold-grown botanical essence calms down inflammation and reduces disturbing red acne.

3, ASTRINGENT

Rose fruit essence tightens open pores and prevents pores from darkening by inhibiting melanin synthesis.

Thin tone-up veil prepares nude skin to wear foundation without worries about daytime sebum issues.

- No need for heating materials
- Emulsify @RT

1.0% LDR CA
1.0% Saxifraga Stolonifera
Extract (B)-BG
1.0% Rose Fruit Extract (B)-BG-01

2.5% NIKKOL Hexaglyn PR-15
1.2% NIKKOL Decaglyn 5-HS

Natural Origin Content: 99.7% (ISO 16128)

SPF 22, PA++ (estimated score, *in-vitro*)

美

Illuminating Skin Foundation

1, SKIN BARRIER

Awaken sleeping skin to repair by energizing cells and regulating cell adhesion.

2, DEEP HYDRATION

Small hyaluronic acid penetrates skin and hydrates from inside.

Sheer-finish liquid foundation.
Gently covers visible signs by
soft focusing effect.

- No need for heating materials
- Emulsify @RT

1.0% Peony Root Extract (B)-BG
1.0% Hyalo-Olygo®
1.0% LDR CA

3.0% NIKKOL Nikkomulose® WO-NS
